We all know the importance of the Google play store which is home to millions of apps. Although most of the apps are available for free, we come across many cases where some apps ask for premium subscriptions to access Pro features or ask for subscriptions to stop seeing ads.

In addition, there are many apps that are fully paid. Things become important when it comes to PUBG. It asks to add a Playstore wallet balance to buy any PUBG UC or skins.

But to avoid payment, we look for free playstore redeem codes. And yes, you can of course get many free google play redeem codes, which work 100% fine.

But the same redeem code does not last long and it expires after multiple uses or after a certain period of time.

That’s why it’s important to stay updated with new redeem codes. And most of the websites fail to update the old redeem codes.All you need to know about Google Play

Why can’t I redeem my gift card

When redeeming your Google Play Gift Card, make sure to copy the code exactly as printed on the card. If you purchased the gift card from a retailer, it may be that

the retailer did not activate the gift card. You may need to visit the retailer for them to activate the gift card.

If you are seeing an Error message with, “Gift cards can only be used in the country where they were purchased”, this means that you are attempting to use a gift card from another region. Google Play gift cards are restricted regionally. They are specific to your country’s Play Store and will not work in other regions.
