Creative Forces: NEA Military Healing Arts Network (Clinical Component)

Application Deadline: December 3, 2019

Applications must be submitted electronically through Grants.gov, the federal government’s online application system. The Grants.gov system must receive your validated and accepted application no later than 11:59 p.m., Eastern Time, on the deadline date above. We strongly recommend that you submit your application no later than November 24, 2019 to give yourself ample time to resolve any problems that you might encounter. Late applications will not be accepted.

Background

More than 500,000 members of the United States armed services live with traumatic brain injuries and related psychological health conditions. The Creative Forces: NEA Military Healing Arts Network (Creative Forces)—a program of the National Endowment for the Arts (Arts Endowment) in partnership with the U.S. Departments of Defense (DoD) and Veterans Affairs (VA) and state and local arts agencies—places creative arts therapies at the core of patient-centered care for the military patients and veterans who are affected by these conditions, as well as their caregivers and families.

Since it was established in 2012, Creative Forces has reached more than 7,000 service members and currently treats approximately 3,500 new patients annually at 11 military and veterans facilities. Up to six additional facilities, for a new total of 17, are expected to join the Creative Forces network by the end of 2020.

Creative Forces has three primary components:

- **CLINICAL**: Supports creative arts therapies in patient-centered care at military and veterans clinical sites, as well as through a telehealth delivery program for patients in remote areas. In clinical settings, credentialed creative arts therapists (CATs) provide art, music, dance/movement therapies, and therapeutic writing interventions for military patients and veterans. In addition, Creative Forces supports research on the impacts and benefits of these treatment methods.

- **COMMUNITY**: Provides increased access to non-clinical arts engagement opportunities to support the health and wellness of service members, veterans, their families, and caregivers.

- **CAPACITY**: Invests in capacity-building efforts, including the development of toolkits, playbooks, training materials, and other resources to serve target populations in both clinical and community settings. These materials are made available through the online Creative Forces National Resource Center to support efforts for targeted populations in clinical and community settings.
The purpose of the Program Solicitation is to select an organization to manage the clinical component of the Creative Forces program. To date, administrative support for the entire program has been provided by Americans for the Arts, who will transition management of the clinical component to a successor organization.

**Scope of Work**

The purpose of this Program Solicitation is to select an organization (Cooperator) to manage the clinical component of the Creative Forces program (the Clinical Program).

In brief, the Cooperator will:

1. Administer the Clinical Program activities, including any expansion to additional sites and telehealth delivery programs, during the agreement’s period of performance.
2. Manage and support the personnel (e.g., CATs, other contractors) necessary to undertake the Clinical Program.
3. Provide subject matter expertise and administrative support to advance the Clinical Program’s efforts with regard to research.

This award will be made as a cooperative agreement. The Arts Endowment uses two types of awards to fund project activities: cooperative agreements and grants. A cooperative agreement is different from a grant in that the Arts Endowment is substantially involved with the awardee in the direction and accomplishment of the Clinical Program. Both funding mechanisms are subject to Title 2 of the Code of Federal Regulations, Part 200.

More information can be found under “Detailed Requirements” below.

**Detailed Requirements**

The Cooperator will work in close consultation with the Arts Endowment Project Director, and through the Arts Endowment Project Director with other Arts Endowment, DoD, and VA staff as appropriate, on all aspects of the Clinical Program. The Arts Endowment Project Director will be the Senior Advisor for Innovation & Director of Creative Forces.

The Cooperator will:

- Work with the Arts Endowment Project Director to refine the details and schedule of all project components, and collaborate with any Cooperator(s) or entity(ies) who are managing other components of the broader initiative, as appropriate.
Consult with and secure approval from the Arts Endowment Project Director on all aspects of the project described below.

**Clinical Activities**

Administer Creative Forces’ existing clinical and telehealth delivery programs in compliance with Memoranda of Understanding (MOUs) with the clinical sites as well as other contractual obligations, and support an expansion of the Clinical Program. Currently, treatment is delivered by 21 credentialed CATs to more than 3,000 patients per year through more than 15,000 encounters at 11 sites.

Note: It is anticipated that up to six additional clinical sites being supported by up to four additional Arts Endowment-supported CATs will join the program during the period of performance.

Hire, train, and manage the personnel necessary to support the Clinical Program and related activities.

- Maintain existing Clinical Program support personnel, as appropriate, from the current Cooperator, which includes 21 existing full-time or part-time credentialed CATs, a senior military medical advisor, a research advisor, and an informatics specialist (the Clinical Program Support Personnel). Ensure the seamless transition of services provided by Clinical Program Support Personnel acting in these roles from the current to the successor Cooperator.

- Coordinate with the senior military medical advisor who will: 1) ensure coordination of the Clinical Program’s treatment and research activities across Creative Forces, and 2) assemble, monitor, and report on key performance indicators.

- Recruit new Clinical Program Support Personnel as needed.

- Assure that the agreements under which CATs are engaged meet all site-specific requirements set forth in the MOUs between the Arts Endowment and DoD and VA entities.

- Provide CAT contract-related documentation (e.g., scopes of work, liability insurance, professional certifications) to appropriate DoD, VA, or other entities. Ensure that all Clinical Program Support Personnel have the credentials to work onsite.

Coordinate schedules between the Clinical Program sites and Clinical Program Support Personnel. Arrange for the availability of appropriate supplies, hardware and software, and other materials necessary to support the Creative Forces’
clinical and telehealth delivery capabilities (including but not limited to audio and technology needs, computers, and art supplies).

- Develop content (including, for example, training materials and playbooks) in consultation with CATs and other Clinical Program Support Personnel. These materials will be disseminated through the online Creative Forces National Resource Center that is managed by a separate entity.

- Provide administrative and logistical support and cover costs, such as travel and housing, for training workshops and related meetings for Clinical Program Support Personnel.
  - Engage with national and international subject matter experts from the military, veterans, and civilian health systems to ensure that advanced elements of healing arts and creative arts therapies are integrated into staff training and the overall Clinical Program.
  - Provide resource support such as travel and subsistence for outreach, site visits, speaking engagements, conference attendance, and professional development activities for Clinical Program Support Personnel.
  - Coordinate meetings such as an annual convening of Creative Forces CATs, the research planning team, and working groups related to clinical research activities, and other related meetings.

- As a secondary responsibility, explore the feasibility of a Clinical Program expansion to: 1) implement the clinical approach within civilian venues that seek to support veteran and military target populations, and 2) to broaden support for the treatment of other military and veteran populations who have been exposed to trauma.
  - Provide the Arts Endowment Project Director with an analysis and recommendations (including, but not limited to, anticipated costs) of the program’s short and long-term graduated and strategic growth. This should also consider possible limitations on expansion. Consult with the Arts Endowment Project Director on a regular, mutually agreed upon basis in order to develop content that best fits the Arts Endowment’s needs.

Research Activities

- Provide administrative assistance and technical support for the Clinical Program’s clinical research activities. These activities may include, but are not limited to:
- Support a clinical research advisor to oversee implementation of projects outlined in the "Creative Forces Clinical Research: A Strategic Framework and Five-Year Agenda (2018-2022)" and provide technical assistance and/or resources, as appropriate.

- Seek overall guidance from the Arts Endowment Project Director and designated staff from the Arts Endowment’s Office of Research & Analysis (ORA) on work related to the Clinical Program’s research activities.

Communications

- Through discussions with the Arts Endowment’s Office of Public Affairs (OPA), facilitated by the Arts Endowment Project Director, produce all communications and program materials in a format and style compatible for dissemination through the Arts Endowment’s online platforms. This includes compatibility with the online Creative Forces National Resource Center and compliance with Federal laws and regulations.

- All public communications, materials, presentations, and press releases, as well as speaking engagements, contacts with press, and publications, must be approved by the Arts Endowment Project Director.

- Include Arts Endowment-designated crediting language in all appropriate communications and materials produced for and by the Clinical Program.

Intellectual Property and HIPAA Permissions

- Secure all necessary rights, permissions, licenses, and releases as appropriate to the project (the “Rights”). The Rights may include, but are not limited to, permissions for visual images, video, and other online project components. If relevant, the Arts Endowment Project Director will coordinate discussions or meetings between the Cooperator and the Arts Endowment’s Office of General Counsel (OGC) to ensure that the rights secured meet the Agency’s needs. The Arts Endowment reserves the right, in its sole discretion, to determine whether the Rights provided are satisfactory to it. The Cooperator accepts sole responsibility, and will defend, indemnify and hold harmless the Agency from any liability arising from deficient Rights and/or the Cooperator’s warrants or statements about the Rights. Electronic copies of the permissions/releases must be provided to the Agency in accordance with the requirements provided by OGC.

- Ensure compliance with the Health Insurance Portability and Accountability Act (HIPAA) with regard to patient-specific data by:
a. Confirming that the handling of any Personally Identifiable Information (PII) or Personal Health Information (PHI) pursuant to any telehealth or other related services agreement entered into by the Cooperator pursuant to this Cooperative Agreement and any amendments thereto is in compliance with HIPAA; and

b. Confirming that any specific medical or personal data shall be kept confidential in accordance with Federal law.

Other

- No later than 90 days after the completion or termination of the Cooperative Agreement, the Cooperator shall submit required Final Reports and any specific reports identified in the award’s Report Schedule, which is accessed through the Cooperator’s eGMS REACH account.

- No later than 90 days after the completion or termination of the Cooperative Agreement, submit, through the Cooperator’s Arts Endowment eGMS REACH account, a Final Descriptive Report (FDR) and a Federal Financial Report (FFR-Standard Form 425), and any specific reports identified in the award’s Report Schedule.

Responsibilities of the Arts Endowment Project Director

The Arts Endowment Project Director will work with the Cooperator to design and implement all aspects of the program. Tasks include:

- Provide overall direction and work with the Cooperator to refine the project plans and schedule.

- Serve as a liaison between the Cooperator, military and veteran clinical sites, key partners of the initiative, Arts Endowment staff, and any Cooperator(s) associated with other aspects of the broader initiative.

- Provide the Cooperator with all necessary background materials on the program’s clinical component, including military and veteran clinical sites, partners participating in the program, and Memoranda of Understanding.

- Approve plans for recruiting, hiring, and training program Clinical Program Support Personnel; all agreements related to CAT providers; any full-time staff, other contractors, and partners involved in the program; and any associated research and data collection activities.

- Review and approve all public communications and project materials. Facilitate discussions between the Cooperator and OPA to ensure these materials are in a
format and style ready for public dissemination on the Arts Endowment’s communications platforms where appropriate.

- Support efforts to engage subject matter experts to advance the program. Assist in planning and implementing clinically-related convenings hosted or supported by the initiative.

- Review and approve the program’s clinical research and evaluation-related activities in consultation with ORA, DoD, and VA.

How to Prepare and Submit an Application

Applications must be submitted electronically through Grants.gov, the federal government’s online application system. The Grants.gov system must receive your validated and accepted application no later than 11:59 p.m., Eastern Time, on December 3, 2019. We strongly recommend that you submit by November 24, 2019 to give yourself ample time to resolve any problems that you might encounter. Late applications will not be accepted.

Submitting an application is a two-step process:

1. Before you submit through Grants.gov for the first time, you must be registered. This is a multi-step process for which you should allow at least two weeks. Registration must be completed before you can apply. See "Organization
Registration" for details. If you have already registered with Grants.gov, renew/verify your registration with Grants.gov and make sure that all of your information is current before you apply. Before you submit through Grants.gov for the first time, see “Apply Electronically Through Grants.gov” beginning on page 12 for further instructions.

2. Follow the detailed instructions for submitting items such as the application narrative, bios, project budget, and supporting information in the "How to Use the Attachments Form" section beginning on page 15.

Application Review

Proposals will be reviewed on the basis of the following criteria:

The **artistic excellence** of the project, which includes the:

- Degree to which the proposal demonstrates an understanding of the subject matter expertise necessary to undertake the project.
- Quality of the services that the project will involve.
- Quality of similar or related programs managed by the applicant organization.

The **artistic merit** of the project, which includes the:

- Applicant’s experience managing similar or related programs.
- Ability to identify best practices in the field of military and veteran medicine and apply them to the creative arts therapies focus of this project.
- Ability to carry out the project based upon factors such as the budget, the qualifications of the project personnel, administrative capacity, and a realistic timeline.

NOTE: Priority will be given to applicants with previous experience supporting the treatment and research associated with military and veteran medicine (such as, but not limited to, experience with military and/or veteran research and medicine collaborations supported by associated legal/research and data sharing agreements).

All applications are reviewed by an advisory panel. Panel recommendations are forwarded to the National Council on the Arts, which then makes recommendations to the Chairman of the National Endowment for the Arts. The Chairman reviews the Council’s recommendations and makes the final decision on all federal financial assistance awards. It is anticipated that applicants will be notified of award or rejection in April 2020.

NOTE: All recommended Arts Endowment applications undergo a review prior to the agency making an award to evaluate risk posed by the applicant. This may include past performance on grants, meeting reporting deadlines, compliance with terms and conditions, audit findings, etc.
Travel Policy

Travel costs – including lodging, meals, and incidental expenses – must be reasonable and allowable in accordance with 2 CFR Part 200.474 as applicable. These costs must not exceed:

- Travel charges normally allowed by the applicant’s institutional policy. (The selected organization must submit a copy of this policy, if it exists, to our Office of Grants Management before a Cooperative Agreement can be finalized.)

We strongly encourage you to write a succinct description and double-check the number of characters.

   c. **Proposed Project Start Date/End Date:** Enter a start date on or after June 1, 2020. The start date should be the first day of a month, and the end date should be the last day of a month. 8. **Primary Contact/Grant Administrator:**

Provide the requested information for the individual who should be contacted on all matters involving this application. Select a Prefix.
If this individual is the same as the Project Director, you may check the "Same as Project Director" box and not repeat information that you have already provided in Item 7. (If the Primary Contact/Grant Administrator is the same as the Authorizing Official, complete all items under both 8 and 9 even though there will be some repetition.)

Due to restrictions from the Department of Homeland Security we are not able to send emails to alias addresses that forward to another email account. Do not enter this type of email address.

How to Use the Attachments Form:

The "Attachments Form" is not a form in the conventional sense. Rather, it is a place to attach documents that you have completed and saved as portable document format (PDF) files elsewhere on your computer.

Several important points:

1. Attachment 3, the Project Budget Form, is a National Endowment for the Arts fillable form; you will find a link below. This form can be filled in, saved to your computer, and attached without the need for special software or conversion to PDF.

Be sure you are using Adobe Reader (version 9 or higher) when filling out our PDF forms.

Note to Mac users: Your computer may be set to open PDF files using Preview (you can tell which program is being used to view a PDF file by looking at the left-most item in the menu bar). Verify that you are using Adobe Reader and not Preview. If you don't have Adobe Reader installed, you can download it here: http://get.adobe.com/reader/
2. All other attachments are non-form documents that you will compose in accordance with the instructions provided. **These items must be submitted as PDF files.**

**Do not create PDFs of your electronic documents by scanning.** In the past, some applicants have printed their electronic documents and then scanned them, saving the scan in PDF format. PDFs created this way are much larger, and of lower quality, than PDFs created by the methods we recommend. Do not enable any document security settings or password-protect any PDF file you submit to us.

No attachment should be more than 2 MB.

When you open the Grants.gov Attachments Form, you will find 15 attachment buttons. By clicking on a button, you will be able to choose the PDF file from your computer that you wish to attach. Attach the proper file to the proper button as listed below.

**The Attachments**

**ATTACHMENT 1**: To this button attach a **narrative** (no more than 5 pages in length) that addresses the points below. The file name should indicate the name of your organization or a recognizable acronym followed by "Narrative" (e.g., "ABCOrgNarrative").
