The National Endowment for the Arts is an independent federal agency. Today's webinar will focus on our largest funding opportunity: the Grants for Arts Projects program, also known as GAP. GAP supports a wide range of arts activities to strengthen the nation's arts and culture ecosystem, including support for public engagement with the arts and arts education, the integration of the arts with strategies promoting the health and well-being of people and communities, and the improvement of overall capacity and capabilities within the arts sector

Each year we fund over 2,000 projects through this program, supporting arts organizations, local arts agencies, arts service organizations, local education agencies (school districts), and other organizations that can help advance the NEA's goals.

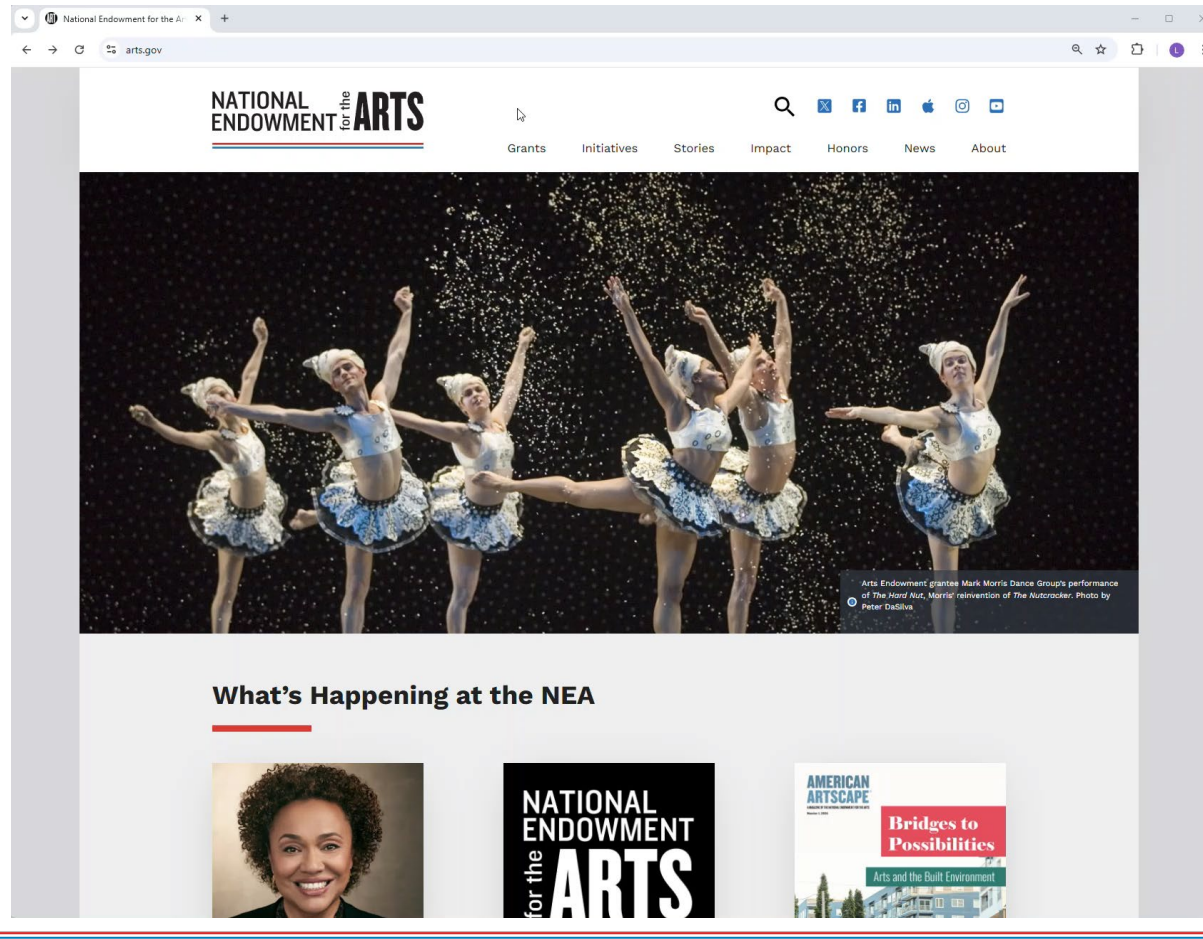

We encourage projects that

- Enable artists, arts workers, and arts organizations to thrive
- Celebrate the nation's history, civic life, and community connection, and
- Celebrate the nation's wide range of creativity by honoring the 250<sup>th</sup> anniversary of the United States of America

This webinar will go over the basics of this program, but full information about GAP can be found on our website.

# Website: Finding Guidelines

www.arts.gov

From our homepage, click on “Grants”, then select “Grants for Arts Projects”

This will take you to the introductory page. This page provides a basic overview of the program, with full information found under the “Grant Program Details and Instructions” heading. Information is divided into two sections: the “GAP Grant Program Details” and the “Application Instructions”. These documents cover everything you need to know about GAP.

The “GAP Grant Program Details” document includes a detailed description of the grant program, full eligibility information, award information, a list of unallowable activities/costs, application review details, FAQs, and federal award administration information. This document covers information that is relevant across *all* of the GAP Artistic Disciplines.

# Artistic Disciplines

Artist Communities	Arts Education	Dance	Design	Film & Media Arts
Folk & Traditional Arts	Literary Arts	Local Arts Agencies	Museums	Music
Musical Theater	Opera	Presenting & Multidisciplinary Works	Theater	Visual Arts

Applications are accepted under 15 different sub-categories, called “disciplines”. Each has their own specific set of application instructions. Applicants should select the discipline that best suits the content of their **project**, which may differ from their organization type. If you are unsure which area best suits your project, our staff is more than happy to discuss the options with you, so please reach out. We’ll post contact info at the end of the presentation.

FY26 GAP	Dance	Discipline Description
<b>Dance Program Description</b>		
Dance is a vital expression of culture and has the ability to create community, cultivate space for reflection and dialogue, and bring awareness to a range of issues through a variety of genres and practices.		
The non-profit dance ecosystem is formed by dance artists and companies at its core; surrounded by the organizations and administrators that support their work, including choreographic and residency centers, presenters, festivals, and service organizations; the schools, dance studios, and neighborhood centers where students and community members learn and train; the managers and networks that move dance around the country; and the people and organizations who help make dance happen beyond the stage or studio, such as scientists, city parks departments, local transit authorities, robotics labs, hospitals, farms, social service organizations, and more. The dance ecosystem thrives when dance artists and the organizations, programs, and spaces that sustain and connect them, work in partnership with one another.		
The NEA strengthens the dance ecosystem by supporting applicants doing essential work in their own organizations and local communities that contribute to a more robust and accessible dance field; that centers and reflects a vibrant, diverse spectrum of dance artists; and that ultimately creates resilient, artful communities. We value proposals from organizations of all budget sizes, located in rural, suburban, urban, and tribal communities and that have regional, national, or field-wide significance. This includes local projects that can make a significant impact within communities or the dance field.		
Applicants may request cost share/matching grants ranging from \$10,000 to \$100,000.		
<b>Project Types</b>		
The NEA is committed to supporting arts projects for the benefit of all Americans. We seek applications that provide the greatest opportunities for federal support to strengthen the dance ecosystem. We welcome proposals that address the general areas of interest outlined in the Grants for Arts Projects program description ( <i>GAP Grant Program Details</i> , pg. 6), and include one or more of the activities listed below.		
<b>Applications must be for projects only. A project may consist of one or more specific events or activities. A project should not cover an entire season of programming as we do not fund seasonal or general operating support.</b>		
<ul style="list-style-type: none"> <li>• <b>Disability-led projects</b> or projects that meaningfully engage disabled artists and/or students in pursuit of artistic and creative goals;</li> <li>• <b>Preservation, documentation, and archiving</b> of choreography, performances, and other aspects of dance history;</li> <li>• <b>Professional artist development and services to the field</b> that strengthen the</li> </ul>

FY26 GAP Dance Part 2 Instructions

## Application Part 2: Submit the Grant Application Form through the Applicant Portal

Applicants who successfully submit Part 1 of the application to Grants.gov by the Part 1 submission deadline will be able to access the Applicant Portal to submit Part 2. **The Applicant Portal is a separate website from Grants.gov – a link can be found below.** The Applicant Portal is an NEA-administered site. If you run into technical issues, please reach out to your designated [program specialist](#).

### Applicant Portal Submission Window

The Applicant Portal will be open for a one-week submission window, during which applicants will have access to complete and submit Part 2 of the application. Applicants will *not* have access to the portal prior to the dates below. **However, we urge you to use this document to prepare your Part 2 responses and material well in advance** so you will have them ready to upload once the system opens.

We recommend applicants set up calendar reminders to avoid missing the submission window. All times are Eastern.

APPLICANT PORTAL ACCESS	FEBRUARY CYCLE (GAP 1)	JULY CYCLE (GAP 2)
Part 2 NEA Applicant Portal Opens to applicants	February 19, 2025 9:00 am ET	July 15, 2025 9:00 am ET
Part 2 NEA Applicant Portal Submission Deadline	February 26, 2025 11:59 pm ET	July 22, 2025 11:59 pm ET

### Step 1: Access the Applicant Portal

The AP user name and password are *unique to each application you submit*. Do not use tracking numbers from a previous application to log into the AP.

Log on to the Applicant Portal at: <https://applicantportal.arts.gov>

- **User Name = Grants.gov Tracking Number (Example: "GRANT38906754")**
  - Your Grants.gov tracking number is assigned by Grants.gov when you submit Part 1.
  - A confirmation screen will appear in Grants.gov once your submission is complete, your Grants.gov tracking number will be provided at the bottom of the screen.
- **Password = Agency Tracking Number/NEA Application Number (Example: "1425736")**
  - The NEA assigns the number to your application 1-2 business days after you submit Part 1.
  - The AOR may retrieve the number by following these steps:

After the discipline description, you will find full instructions on how to complete and submit your application, including all of the application questions and requirements for both parts of the application – we'll walk you through the application process later in the presentation. Some application requirements vary by discipline, so make sure you use the right set of instructions while preparing your application - each document includes the discipline name on the first page, as well as at the top of every page.

# Spanish Guidelines

The Grant Program Details and Application Instructions documents are also available in Spanish. They can be found by clicking on the “En Español” link on the sidebar.

Now that we’ve shown you how to find the Grant Program Details and Instructions, we’ll get into an overview of GAP.

# Applicant Eligibility

Applications to GAP are open to both new and returning applicants. In order to be eligible to apply, an organization must be based in the United States, *and* be a 501c3 nonprofit, a unit of state or local government, or a federally recognized tribe or tribal community. Organizations must have completed 3 years of arts programming prior to the application deadline. The organization does not need to have been a 501c3 for all of those 3 years, but it does need to have 501c3 status at the time of application. GAP does not accept applications from individuals, fiscal sponsors, or commercial or for-profit enterprises.

# We Fund/We Do Not Fund

## We Fund

- Project-based support: a specific set of activities
- Small, medium, and large projects
- Existing and new projects
- Projects in communities of any size that take place in any part of the US
- Serving rural, suburban, and urban areas
- Projects may be for a two-year period of support

## We Do Not Fund

- General operating or seasonal support
- Individual elementary and secondary schools
- Creation of new organizations
- Subgranting or regranting (except for eligible Local Arts Agencies)
- Facility construction, purchase, or renovation
- Social activities such as receptions, parties, galas, community dinners, picnics, and potlucks

GAP Grant Program Details ->Program Description: Unallowable Activities/Costs

GAP funding is project-based. Meaning, your application should be for a *specific* set of activities. We support a wide variety of project sizes, from the very small to the very large. Projects can be an existing program that your organization produces or presents each year, or it can be for a brand new activity. We support projects in communities of any size in all 50 states and US jurisdictions, including projects that serve rural, suburban and urban areas. Projects may be for a two-year period of support.

There are restrictions on what we are able to fund. Some examples of activities or costs we do not fund include:

- General operating or seasonal support – as we mentioned before, applications should be for a specific set of activities.

- Individual elementary and secondary schools – although we do support school districts.
- The creation of new organizations
- Subgranting or regranting, with the exception of eligible Local Arts Agencies
- Facility construction, purchase, or renovation
- And social activities, such as receptions, parties, galas, community dinners, picnics, and potlucks

This is only a partial list - a full list can be found in the GAP Grant Program Details document, in the “Program Description: Unallowable Activities/Costs” section.

# Compliance Requirements

## Accessibility

- All projects must be both programmatically and physically accessible to individuals with disabilities in accordance with federal law including ADA and Section 504.

## Non-discrimination

- Applications may focus on a particular group or demographic; however, they may not be exclusionary under Federal civil rights laws and policies prohibiting discrimination. This extends to hiring practices, artist selection processes, and audience engagement.

## National Historic Preservation Act & National Environmental Protection Act

**Additional staff review for projects that take place:**

- Inside/near a historic site
- Outdoors

Recorded webinars available under **Applicant Resources**

NEA grants are federal, and come with compliance requirements to ensure that everything we fund adheres to federal regulations. When preparing your application, you'll want to keep the following in mind:

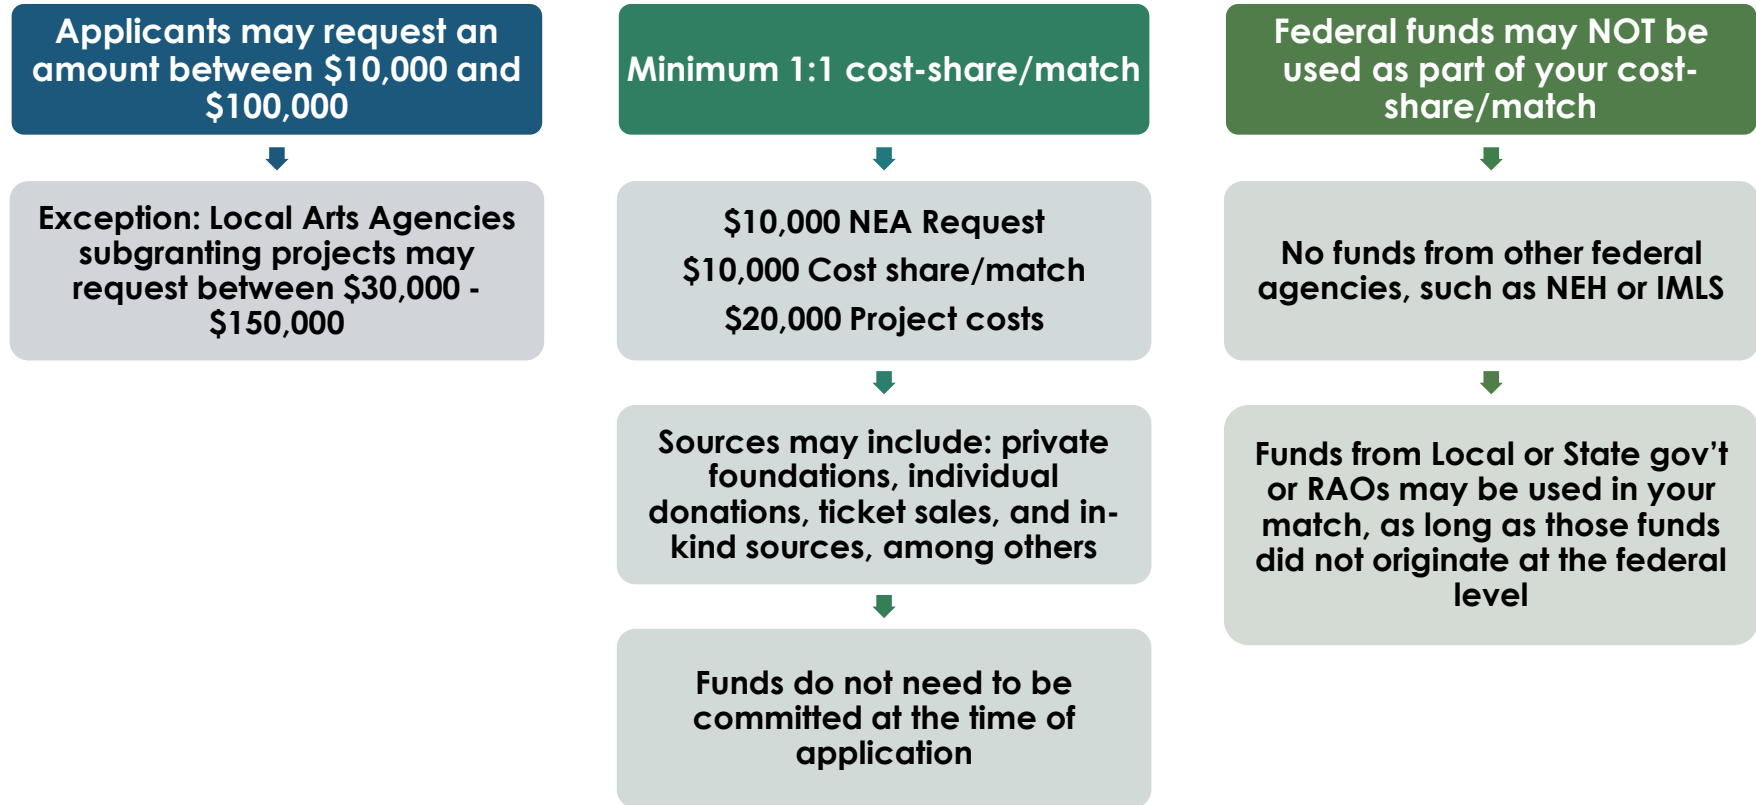

- All projects must be both programmatically and physically accessible to individuals with disabilities in accordance with federal law – including the Americans with Disabilities Act, and Section 504 of the Rehabilitation Act
- And while applications may focus on a particular group or demographic, they may not be exclusionary under Federal civil rights laws and policies prohibiting discrimination. This extends to hiring practices, artist selection processes, and audience engagement.

- Projects that take place inside of, or near to, a historic site; and/or outdoors may be subject to additional staff review to ensure they are in compliance with the National Historic Preservation Act and the National Environmental Protection Act

You can find links to pre-recorded webinars about each of these topics on the “Applicant Resources” page on the website.

# Funding Amounts

Applicants may request an amount between \$10,000 and \$100,000, with the exception of Local Arts Agencies, which may request between \$30,000 to \$150,000 for sub-granting projects. Applicants must demonstrate a minimum 1:1 cost-share/match. For example: a \$10,000 NEA request means you must show at least \$10,000 in cost-share/ matching funds, and your total project costs must be at least \$20,000. Matching funds may come from a variety of sources, including: private foundations, individual donations, ticket sales, and in-kind sources, among others. Cost-share/matching funds do not need to be committed when you submit your application. Federal funds may NOT be used as part of your cost-share/match. This includes funding from other federal agencies such as the National Endowment for the Humanities, or Institute of Museum and Library Services,

among others. Funds from Local or State government, or Regional Arts Organizations may be used in your match, as long as those funds did not originate at the federal level.

# Application Limits

**An organization may apply once per calendar year  
to either GAP or Challenge America.**

**Exception: Independent Component (IC)  
Independent unit of a larger (parent) organization**

- Unique Mission
- Board
- Budget
- Staff
- 3 year arts programming history
- ICs must be approved by the NEA

**Additional application: Our Town or Research Awards grant categories**

**No overlapping costs/activities**

More details: **Eligibility** section -> **Application Limits**

An organization may apply ONCE per calendar year to either GAP or the Challenge America grant categories – you may not apply to both in the same year. The one exception to this rule is for organizations submitting an additional application on behalf of an Independent Component (also known as an IC)

- An IC is a unit of a larger organization – referred to as the Parent organization - that operates independently
  - In order to qualify as an IC, the unit must have its own: unique mission, advisory board, budget, and staff, all of which are dedicated primarily to the IC, and not the Parent organization. The IC must also have completed at least 3 years of arts programming prior to the deadline.

- ICs must be approved by the NEA – if you are applying on behalf of an IC for the first time, reach out to staff well before the application deadline to start the approval process.

Organizations may also submit applications to the Our Town or Research Awards grant categories in addition to their GAP application

In each case, you need to be sure that your applications and grants do not overlap in terms of costs or activities. In other words, you cannot use more than one NEA grant to fund the same activities. More information can be found in the Eligibility section of the GAP Grant Program Details, under “Application Limits”

# Application Review Criteria

## Artistic Excellence

The quality of the artists and other key individuals, creative process, works of art, organizations, arts education providers, artistic partners, and/or services involved in the project and their relevance to the audience or communities the project aims to serve.

## Artistic Merit

- The value and appropriateness of the project to the organization's mission, artistic field, artists, audience, community, and/or constituency.
- The ability to carry out the project
- Clearly defined goals and/or proposed outcomes
- Evidence of direct compensation to artists, makers, art collectives, and/or art workers.

And as applicable:

- Engagement with individuals whose opportunities to experience the arts are limited by geography, ethnicity, economic status, or disability.
- Ability to strengthen the arts sector

Full List: Grant Program Details -> **Application Review**

All applications are reviewed based on two, congressionally mandated, review criteria: Artistic Excellence and Artistic Merit. We encourage you to keep the criteria in mind while you are preparing your application.

Artistic Excellence includes: the quality of the artists and other key individuals, creative process, works of art, organizations, arts education providers, artistic partners, and/or services involved in the project and their relevance to the audience or communities the project aims to serve.

Artistic Merit includes:

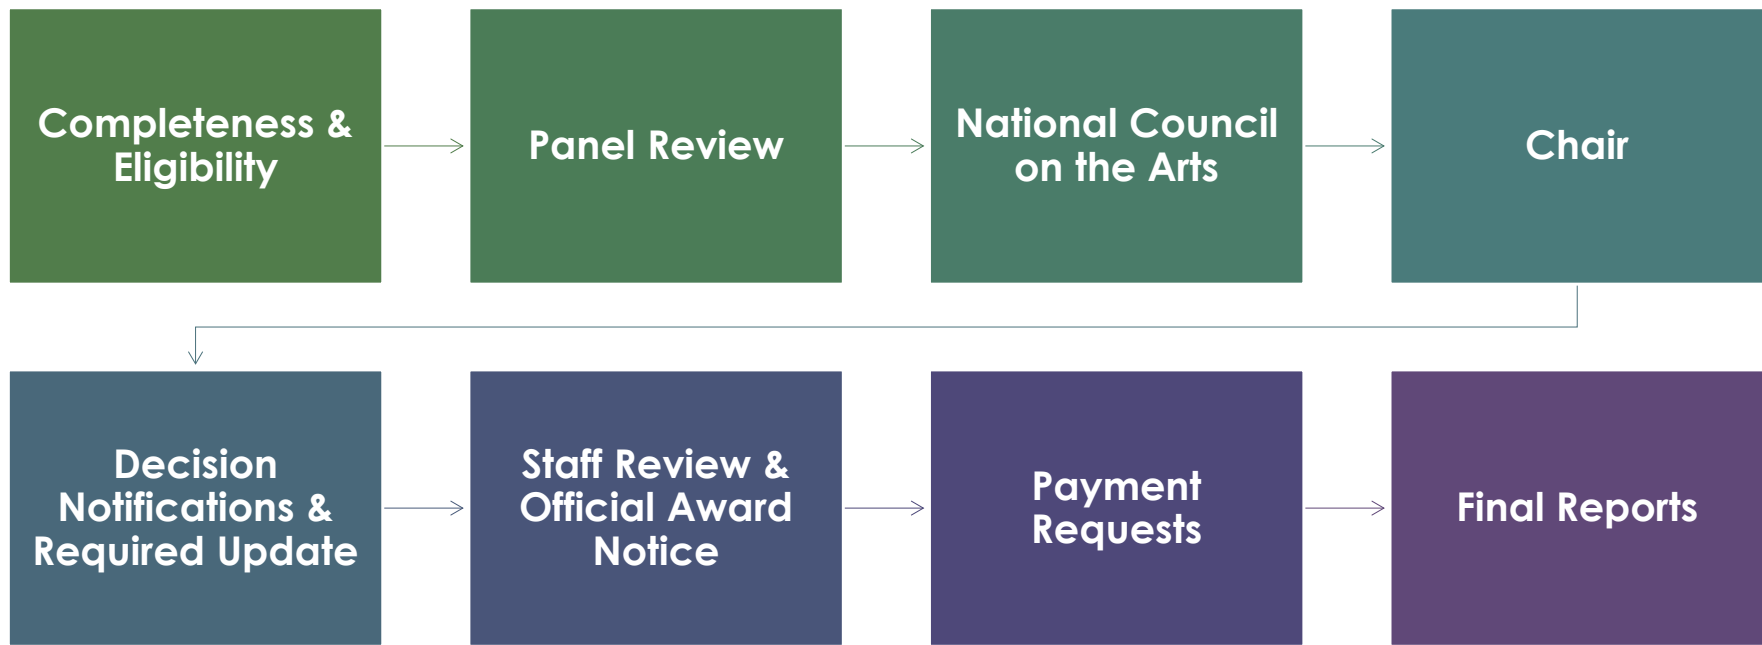

- The value and appropriateness of the project to the organization's mission, artistic field, artists, audience, community, and/or constituency.
- The ability to carry out the project
- Clearly defined goals and/or proposed outcomes
- Evidence of direct compensation to artists, makers, art collectives, and/or art workers.

And as applicable:

- Engagement with individuals whose opportunities to experience the arts are limited by geography, ethnicity, economic status, or disability.
- Ability to strengthen the arts sector

This is a partial list, for the full list of review criteria, see the "Application Review" section of the Grant Program Details

# Review and Funding Process

Here is a brief overview of how we review and fund projects:

- First, staff checks submitted applications for completeness and eligibility. All complete and eligible applications continue on through the process.
- Applications are reviewed by a peer-review panel, comprised of artists and arts administrators from across the country, and each panel is congressionally mandated to have at least one layperson – someone who is knowledgeable in the arts, but who is not an artist or arts administrator. Panelists provide scores and comments based on the review criteria.
- After panels are complete, staff presents funding recommendations to the National Council on the Arts, for their approval
- After the council meeting, the NEA Chair gives final sign off on all recommendations.

- Applicants receive a decision notification via email. Recommended applicants will be asked to provide an update, including a revised budget, and an accessibility form.
- Staff will review your documents and make sure that everything in the recommended application aligns with federal requirements. This part of the process can take several weeks. Once this review is complete, staff will issue award documents. This is when your recommended application officially becomes a grant, and you will be notified via email.
- Payments are not automatically disbursed. After you receive your award notification, you can begin to submit payment requests.
- All grantees are required to submit final reports, which are due 120 days after the end of your grant period.

# Application Calendar

Step	February Cycle (GAP1)	July Cycle (GAP2)
Part 1 Application Package Available on Grants.gov	December 2024	Mid-May 2025
<b>Part 1 Grants.gov Submission deadline</b>	<b>February 13, 2025 11:59 pm ET</b>	<b>July 10, 2025 11:59 pm ET</b>

Notification of recommended funding or rejection	Early to mid November 2025	Early to mid April 2026
Earliest project start date	January 1, 2026	June 1, 2026

All artistic disciplines accept applications at both cycles,  
EXCEPT **Artist Communities** and **Design**, which only accept applications in February

GAP accepts applications twice a year, GAP 1 in February, and GAP 2 in July.

All discipline areas accept applications at both cycles, with the exception of Artist Communities and Design, which *only* accept applications in February. As a reminder – an organization can only submit once per calendar year, so you cannot apply to both GAP cycles.

Applications are submitted using a two-part process:

- Part 1 is submitted via Grants.gov.

- Part 2 is submitted via the NEA's Applicant Portal, which is a separate website from Grants.gov. Applicants have a 1 week window at each cycle to submit their application materials. The Portal is not available prior to the first day listed on the application calendar, but you can use the instructions document to prepare your application materials in advance.

Decision notifications for GAP1 are typically sent out in early to mid November, and for GAP 2 in early to mid April.

It's also important to note that the earliest allowable start date for project activities differs between the deadlines - for the February GAP1 cycle, the earliest allowable start date is January 1, 2026; and for the July GAP2 cycle, the earliest allowable start date is June 1, 2026.

Clicking on this link will take you to Grants.gov to fill out and submit the “application for federal domestic assistance” form. This

form asks for basic information, including the name of your organization, and contact info. The Application Instructions includes detailed directions for how to complete and submit this form.

You must successfully submit this form in order to continue to Part 2, where you will submit the rest of your application materials.

FY26 GAP Dance Part 1 Instructions

The AOR must have the legal authority to obligate your organization (e. g., be a senior member of the staff such as an Executive Director, Director of Development). See the NEA's [General Terms and Conditions](#) for who can serve as an AOR for colleges and universities. Contractors/consultants, including grant writers, or administrative support staff cannot serve as an AOR.

**NOTE:** By clicking the "I Agree" box at the top of Item 9, this individual will be certifying compliance with relevant federal requirements on your organization's behalf. These requirements can be found in the [Assurance of Compliance](#).

The "Signature of Authorized Representative" and "Date Signed" boxes will be populated by Grants.gov upon submission of the application.

## Step 3: Submit the form via Grants.gov's Workspace

Be certain you are satisfied with your *Application for Federal Domestic Assistance/Short Organizational Form (SF-424)* before you click submit. No revisions to your application form are possible through Grants.gov once it is submitted.

The NEA strongly suggests you submit your application *well before the deadline* to provide ample time to resolve any problems you might encounter.

Review the Grants.gov video tutorial on [submitting an application in Workspace](#).

When you are ready to submit, navigate to the **Forms** tab on the **Manage Workspace** page:

- Once the form is filled out and the **Form Status** column says "Passed," it will be ready for submission.
  - Important note:** The status "Forms Passed" does NOT indicate that your application has been submitted, only that your forms have been filled out. You still need to click the Sign and Submit button after receiving the "Forms Passed" status. For more information, review the [Forms Tab](#) help article.
- Click **Complete and Notify AOR**, which will notify the user(s) with the AOR role that the workspace is ready to submit.
- The AOR must click [Sign and Submit](#) to submit the application.

After the AOR submits the application, they will see a confirmation screen explaining that the submission is being processed. **Take a screenshot and retain the Grants.gov Tracking Number that you receive in the application submission confirmation screen.**

Grants.gov provides a number of resources to help you navigate how to use Workspace. If you are new to the process, we recommend checking out their "Applicant Training" webpage, which includes links to help resources, and video tutorials on how to use Workspace. You can find this page at [grants.gov/applicants/applicant-training](https://grants.gov/applicants/applicant-training), or by using the QR code on the screen. Additionally, in the Application Instructions, we have included links to some of the video tutorials alongside the relevant instructions.

Here is a screenshot of the Applicant Portal. Each section of the application is organized through a series of tabs found at the top , some of which have subtabs . You will navigate through each tab and subtab to complete the application. For narrative sections, there is a character limit listed at the bottom. You'll enter information directly into the webform.

The Application Instructions outline each tab and subtab. Each application question is listed with information about the character count, and what information you should include in your response. Since you won't be able to access the portal until the application window, we strongly recommend that you draft your application materials before logging into the portal. A detailed tutorial on how to use the Applicant Portal can be found in the Applicant Resources page.

# Tips

We'll go over a few tips :

- Financial need is not part of the review criteria. Panelists are instructed not to penalize organizations based on organization size and/or perceived need. However, your organization's ability to carry out the project is a part of the Artistic Merit evaluation.
- Make sure you a clearly outlined plan in your application, and have identified the who, what, when, and where of your project so that panelists can understand the scope of your planned activities.
- Applications are awarded on a competitive basis. Panelists will not receive information about your previous applications or grants with the NEA as part of their review

- Reach out to program staff with questions. While staff cannot review your draft application, they are available to answer your questions and provide insight. We recommend that you contact staff well in advance of the application deadline, so that you have enough time to make adjustments, if needed.
- We also encourage you to volunteer to be a panelist - it's a great way to learn about the process. It is a lot of work, so make sure you have the time in your schedule before committing to panel service. There is a link to sign up on the main grants page on our website, and if you know any friends or colleagues who would be good panelists, encourage them to sign up as well.
- Start Early! Each part of the application process can be time consuming, so give yourself enough time to complete each step. We anticipate that after registering, it takes approximately 26 hours to draft and submit your application.

### Late or Incomplete Applications

#### **We missed the application deadline. Can I submit a late application?**

Late, ineligible, and incomplete applications will not be reviewed. Please review the information under [Exceptions to the Submission Deadlines](#).

#### **Will you contact me if my application is missing anything?**

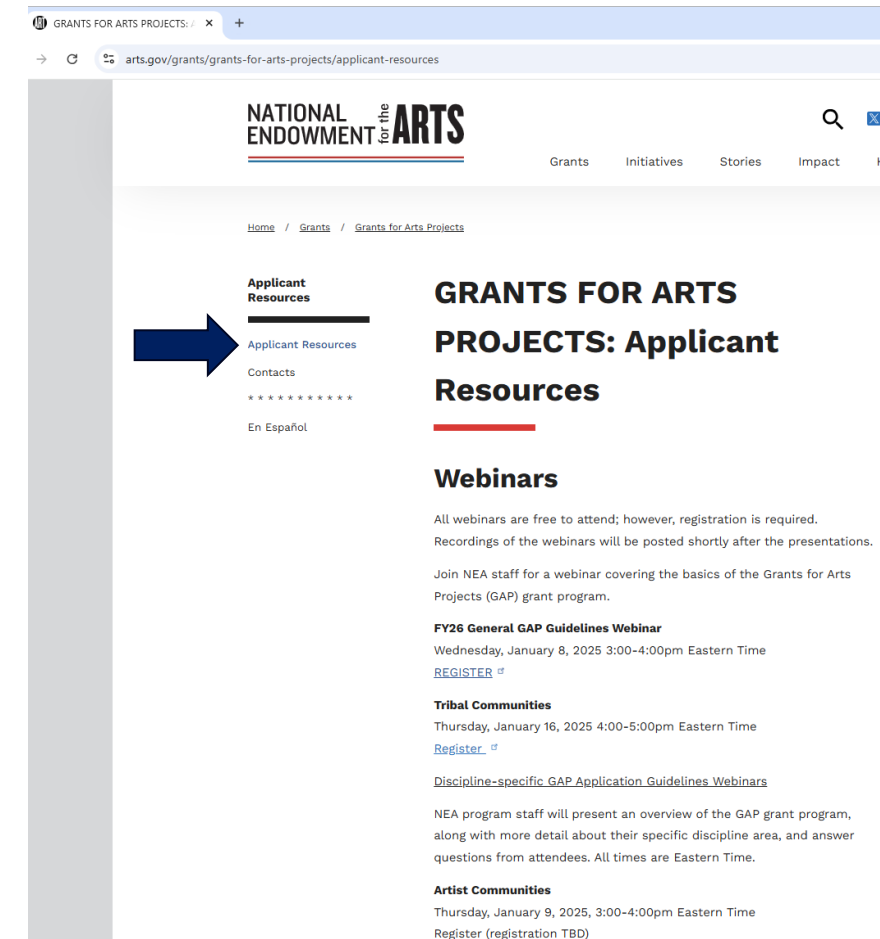

No. Because of the volume of applications, the NEA has a strict approach to incomplete applications. For your application to be considered complete, every required item **MUST** be included in your application, which must be submitted no later than the application deadline date. **NEA staff will not contact applicants to request missing material.** Do not wait until the day of the deadline to submit! The NEA suggests setting an internal application deadline for your organization that is 24-48 hours before the actual application deadline.

#### **If my application is determined to be incomplete, may I add the missing item(s) and resubmit the application?**

No. An organization cannot add missing items and resubmit the application after the application deadline.
