[Funding Opportunity Number: 2023FCAH01]

When you go to Grants.gov through the link above, the Grants.gov “View Grant Opportunity” screen will open. Choose “Apply” in the “Action” area. On the next screen, chose “Apply” again. You will be prompted to enter your Username and Password.

You will apply using a Grants.gov Workspace. To create a Workspace, look for the “Application Filing Name” field above the “Create Workspace” button. Enter the legal name of your organization, click the “Create Workspace” button, and follow

the screens from there. If you want to learn more about using Grants.gov's Workspace, [see here](#).

You will submit all other materials of your application during Part 2.

3. Fill out the Application for Federal Domestic Assistance/Short Organizational Form:

NOTE: All asterisked (*) items and yellow fields on this form are required and must be completed before you will be able to submit. Do not type in all capital letters. Enter information directly into the form; do not copy from an old application or other document and paste into the form. Items 1 and 2 have been pre-populated. Item 3, *Date Received*, will be filled in automatically with the date that you submit your application; leave this field blank. Item 4 has been pre-populated.

Question 5. Applicant Information:

- a. **Legal Name:** Enter the legal name of the U.S. nonprofit organization or government entity applying for indemnity as it appears in the current IRS 501(c)(3) status letter or in the official document that identifies the organization as a unit of state or local government, or as a federally recognized tribal community or tribe. If an exhibition is being shown at several venues, one organization should apply on behalf of all participants. The Federal Council on the Arts and the Humanities requires that the applicant must have previously organized at least one museum-caliber exhibition containing objects borrowed from one or more public and/or private collections.
- b. **Address:** Use Street 1 for your street address or post office box number, whichever for your organization's physical street address. This address must be identical to the physical address that you used with SAM (System for Award Management). Only use Street 2 for your organization's mailing address if it differs from the SAM physical street address.

In the Zip/Postal Code box, organizations in the United States should enter the **full 9-digit zip code** that was assigned by the U.S. Postal Service. If you do not know your full zip code, you may look it up at <https://tools.usps.com/zip-code-lookup.htm>.

- d. **Type of Applicant:** Select the item that best characterizes your organization from the menu in the first drop down box. Additional choices are optional.
- e. **Employer/Taxpayer Identification Number (EIN/TIN):** Enter the 9-digit number that was assigned by the Internal Revenue Service; do not use a Social Security Number.
- f. **Organizational Unique Entity Identifier (UEI):** All organizational applicants for federal funds must have a UEI. Enter your organization's UEI here. You can find your UEI in your System for Award Management (SAM) record. If you cannot locate your UEI, [contact SAM for assistance](#). NOTE: Do not enter a DUNS number

here. **The UEI you enter here must match the UEI associated with your organization's SAM (System for Award Management) record that was used as part of your Grants.gov registration. Otherwise, your application will not be validated by Grants.gov and will be rejected.**

- g. **Congressional District**: Enter the number of the Congressional District where the applicant organization is physically located. The Congressional District that you enter here must match with the Congressional District that shown in the Business Information section of your organization's SAM (System for Award Management) record

Use the following format: two-character State Abbreviation-three-character District Number. For example, if your organization is located in the 5th Congressional District of California, enter "CA-005." If your state has a single At-Large Representative or your territory has a single Delegate, enter your two digit state/jurisdiction abbreviation and "-000." If you need help, visit the House of Representatives website at www.house.gov and use the "Find Your Representative" tool.

Question 6. Project Information:

- a. **Project Title**: Enter the title of the exhibition.
- b. **Project Description**: In two or three brief sentences, provide a concise description of your exhibition. Include the subject matter, type of objects to be included (paintings, sculpture, manuscripts, etc.), those responsible for organizing the exhibition, and catalogue author(s).

NOTE: This field on the form has a character limit of 1,000, including spaces. Even if you have less than 1,000 characters, Grants.gov may translate special characters (e.g. apostrophe, question mark) in a way that will cause your application to be rejected. We strongly encourage you to write a succinct project description and double check the number of characters.

- c. **Proposed Project Start Date/End Date**: Enter the beginning and ending dates for the total period for which you are requesting indemnity coverage (this is usually one month prior to the public opening, and one month after the public closing, of the exhibition; if additional time is needed, justify the extended dates within the narrative, Question 1). The indemnity time period begins on the date that condition reports are prepared and signed, typically prior to initial packing at the lender location, and may include the time objects are in transit and while on exhibition. Indemnity coverage ends on the date that condition reports are completed upon return to the location designated by the lender, or as determined by the Federal Council.

NOTE: The Federal Council rarely approves coverage for a total indemnity period greater than two years.

Question 7. Project Director: Enter the name of the person responsible for organizing the exhibition. Optional: select a Prefix (e.g., Ms., Mr.).

Question 8. Primary Contact/Grant Administrator: Enter information for the person who should be contacted on all matters involving this application and the administration of an indemnity agreement that may be awarded. Select a Prefix even though this is not a required field. If this individual is the same as the Project Director, you may check the "Same as Project Director" box.

Question 9. Authorized Representative:

Enter the requested information for the AOR (Authorized Organization Representative) who is authorized to submit this application to Grants.gov.

Optional: Select a Prefix (e.g., Ms., Mr.)

The AOR must have the legal authority to obligate your organization (e. g., be a senior member of the staff such as an Executive Director, Director of Development). Contractors/consultants, including grant writers, or administrative support staff cannot serve as an AOR.

If the Primary Contact/Grant Administrator is the same as the AR, complete all items under both 8 and 9 even though there will be some repetition. Certificate of Indemnity documents will be issued to the AOR.

By clicking the "I Agree" box at the top of Item 9, this person certifies that:

- Information contained in this application, including all supporting materials, is true and correct.
- Valuations for objects requested for indemnity are accurate and represent current values to the best of his/her/their knowledge.
- Dated loan agreements, including U.S. dollar valuations and agreement to federal indemnity, will be in his/her/their hands prior to completion of the first condition report of each indemnified object to start the indemnity period.

NOTE: Due to restrictions from the Department of Homeland Security we are not able to send emails to alias addresses that forward to another email account. Do not enter this type of email address.

The "Signature of Authorized Representative" and "Date Signed" boxes will be populated by Grants.gov upon submission of the application.

4. Submit your application to Grants.gov:

- To begin the submission process, log on to Grants.gov and go to the Forms tab on the Manage My Workspace page. Click the "Sign and Submit" button under the

- **Failure to successfully submit the Application for Federal Domestic Assistance Form through Grants.gov will make you ineligible to complete Part 2 of the application process.**

5. Track Your Application:

- Verify that your application was validated and accepted by the Grants.gov system. Go to **Track My Application** to confirm the validation and track the progress of your application submission through Grants.gov. Do not wait until the day of the deadline to verify your submission in case you encounter any difficulties.

1. Title, Place(s) and Dates of Exhibition

- (a) Include the exhibition title, and specific venue, city, state, and country, and dates, where and when it will be viewed, even if all venues are not requested for indemnity. If indemnity coverage is requested to begin or end at a site other than the lender location, indicate specific site and dates. If indemnified objects will be placed in temporary storage at any time during the indemnity period, give dates and the facility to be used, and within the applicable Narrative sections fully describe how objects will be cared for and protected (the Federal Council may determine storage periods to be ineligible for indemnity coverage).
- (b) Explain if indemnity coverage for any objects is requested for specific time periods only (i.e. to not include inbound/outbound/interim transit, or, not be shown at all venues).

NOTE: The Federal Council generally limits indemnity coverage for a single exhibition to five venues (or fewer, depending upon the type and condition of the objects) and/or two years or less. The Federal Council requires that participating venues must have previously organized or hosted at least one museum-caliber exhibition, with loans from public and/or private collections. Indemnity should not be requested for inaugural exhibitions in new buildings or substantially renovated spaces.

NOTE: Report modifications of the exhibition title and/or dates that occur after application submission to the Indemnity Administrator, even if the change is applicable to individual venues.

2. Total Number and Value of Objects Requested for Indemnity

- (a) Total current U.S. dollar lender value of all objects requested for indemnity.
- (b) Total **number** and U.S. dollar lender **value** of non-U.S.-owned objects requested for indemnity.
- (c) Total **number** and U.S. dollar lender **value** of U.S.-owned objects requested for indemnity.
- (d) Estimate of private/commercial insurance premium which would be required to cover objects requested for indemnity, if indemnity was not approved.
- (e) Source of the insurance premium estimate.

3. Total Number and Value of the Entire Exhibition

- (a) Total current U.S. dollar valuation for all objects in the entire exhibition (include objects requested for indemnity, and objects not requested for indemnity).
- (b) Total number of objects in the entire exhibition.

NOTE: In the event of disagreement between the Federal Council and the indemnitee regarding claims relating to partial loss, damage or reductions in value as a result thereof, the binding arbitration and appraisal procedures described in Section 1160.10 Regulations (45 CFR Part 1160) of the Arts and Artifacts Indemnity Act shall apply.

4. Exhibition Significance

- (a) Describe the exhibition, and state the significance and the educational, cultural, historical, and/or scientific value of the objects requested for indemnity, and for the entire exhibition.
- (b) Explain how the risk of potential damage to the objects is justified by the purposes of the exhibition.
- (c) Provide the name of the organizer, and the name and title of the curator responsible for the exhibition at each venue.
- (d) Indicate if there will be a catalogue or publications and name the author(s).
- (e) Describe related public activities planned in conjunction with the exhibition at each venue.

If coverage is requested for non-U.S.-owned *and* U.S.-owned objects, **you must demonstrate that the non-U.S.-owned objects are integral and vital to the exhibition as a whole to justify application for International Indemnity**, otherwise, approval of the U.S.-owned objects may be denied. This information is essential for the Federal Council to evaluate the significance and value of objects to be indemnified and their relationship to the exhibition.

5. Packing, Shipping, Environmental, and Security Arrangements for Objects Requested for Indemnity

IMPORTANT: NOTE ON IMMUNITY FROM JUDICIAL SEIZURE

Statute 22 U.S.C. 2459 and Executive Order 12047 authorize the U.S. Department of State to issue notices in the Federal Register to immunize certain cultural objects from seizure by judicial process. The objects must be imported into the United States pursuant to an agreement between the non-U.S. owner or custodian and a U.S. cultural or educational institution for a non-profit exhibition or activity. Prior to publication of the immunity notice, the Department of State must determine that the exhibition of objects is in the national interest, and that the objects are of cultural significance. **The Federal Council strongly recommends applying well in advance for this protection for all international exhibitions.** To obtain further information, or to apply for such protection, contact:

Office of the Legal Advisor for Public Diplomacy and Public Affairs, United States Department of State, www.state.gov

NOTE: If a Certificate of Indemnity is awarded it will be based primarily on details provided in Question 5. The indemnitee must notify the Indemnity Administrator **IN ADVANCE** to any change affecting the time period, list of objects, arrangements for packing, shipping, handling, installation, environment, security, storage, etc. as stated herein or subsequently submitted, for approval by the Federal Council before an awarded Certificate can be amended. The Federal Council will NOT be responsible for loss or damage to an indemnified object occurring as a result of an unauthorized change.

Indemnity is intended to cover objects in exhibitions for which the most professional and thorough “best practices” care in packing, shipping, climate control, and security arrangements is provided. This section is a critical part of the application and will be examined very closely. If coverage is requested for both non-U.S. and U.S.-owned objects, describe arrangements for the non-U.S. first, followed by the U.S. For these arrangements to be assessed it is essential that you state as completely as possible the policies, procedures, techniques, and methods to be employed with respect to the following categories (use the headings below to organize your response). Include descriptive charts, diagrams, and illustrations as applicable. You may include these items as part of Item 1 or as separate PDF uploads.

NOTE: When objects are specifically identified within the narrative, include their corresponding numbers from lists for Questions 12 and 13.

NOTE: Indicate if objects will not be exhibited at all venues (this may be noted on the lists for Questions 12 and/or 13), and provide applicable logistics.

NOTE: If request does not include inbound, outbound, or interim transit for an object(s), provide general information for packing and shipping of the object(s) to ensure the Federal Council that proper protocols will be upheld to prevent possible damage to an object that may become evident only during the indemnity period.

NOTE: Indicate if objects will be transported from/to a location other than the lender .

NOTE: At the end of the Narrative include a current facility report (AAM version 2008 or newer) with all sections completed, for each venue, off-site storage facility and other location (other than the lender) that may be utilized regardless of the length of time indemnified objects will be located there during the indemnity period. Facility report data must be completed/verified and dated within six months preceding this application date.

(a) Packing arrangements at location designated by the lender(s).

1. Provide name of the institution and/or company responsible for the initial packing and crating from the location designated by the lenders, and fully describe all interior and exterior packing and crating, citing specific materials (confirm adherence to EU and U.S. wood regulations) and methods, especially for each type of object (these may differ by lender), and if/how tracking devices will be utilized inside crates.
 - 1i. Explain if glazing for any object is glass, and not “museum glass”, and if yes, whether the glass can be replaced.
2. Confirm that crates will acclimatize for at least 24 hours before unpacking at each location, including after return to lenders.
3. Confirm that pack/crate notes, with applicable photographs, will be recorded upon initial unpacking at the first venue and will be shared with participating venues.
4. Describe the location and conditions where empty crates/packing materials will be stored during the exhibition, including environmental statistics (depending on conditions, the Federal Council may require that empty crates acclimate to exhibition gallery conditions for 24-48 hours prior to packing).

NOTE: For shipments containing CITES and non-CITES materials, consider crating CITES objects separately from non-CITES objects to avoid delay in the event of CITES inspection.

(b) Shipping and security arrangements during transport.

NOTE: The Federal Council requires each conveyance vehicle containing indemnified objects be accompanied by a courier on board. Vehicles must never be left unattended.

Generally, shipment of objects by "hand carry" is not approved.

DO NOT INCLUDE DATES OF TRAVEL FOR SHIPMENTS/COURIERS.

1. Fully describe the shipping and security arrangements for the objects during transport, including the initial assemblage, transfer between sites, and return to the lenders.
2. Provide names of shipping companies (if using a coordinator, forwarder or sub-contractor also provide names of companies operating vehicles in which objects will be transported), and conveyance vehicle specifications to be deployed (i.e. dual drivers, never unattended, alarms, locks, environmental controls, GPS, devices to track environment and vibration, etc.), to be used for all shipments. Do not include communication channels to be used between parties to report tracking.
 - 2i. Confirm vehicles will be locked at all times except for un/loading or in the event of an emergency necessitating access.
3. For air travel provide anticipated airlines (but not flight numbers) and airports to be used, names of shipping/customs companies and their duties, and confirm tarmac supervision for all flights.
4. Describe TSA screening location and procedures (methods, equipment, etc.) for crates departing on passenger flights from U.S. airports. **NOTE:** The Federal Council recommends TSA banding of crates departing on all-cargo flights from U.S. airports.
5. Provide anticipated titles/positions of couriers, and confirm that couriers will ride on board each conveyance vehicle.

(c) Packing and shipping arrangements for fragile objects (see also 12(B) NOTE).

For objects considered to be fragile and/or vulnerable to the hazards of loan, such as large and/or heavy works, oil on wood panel paintings, or objects comprised of multiple media:

1. Give accurate descriptions of present conditions, including name and qualification of person(s) responsible for making the assessment, and your means of verifying the satisfactory condition of these objects prior to the initial packing.
2. Describe special precautions to be taken for packing, shipping, handling, and installation to minimize the risk of damage.
3. For objects with one or more dimension beyond 120 inches, explain if they disassemble to under 120 inches (give number of sections and size of each) for packing, crating, transit, and installation, and provide specific details as applicable.
4. For oil on wood panel paintings, describe climate conditions at the lender location as known, and how the environment will be maintained throughout the indemnity period.

(d) Condition reports.

NOTE: All condition reports must be made during the indemnity period.

Preference is that condition reports at lenders be undertaken by a conservator, and generally required that condition reports at museum venues be undertaken by a conservator.

Submission of condition reports with the application is not required. However, an applicant is encouraged to provide a condition report for an especially fragile object as evidence of its stability. In the event of a claim for loss or damage condition reports must be available immediately for inspection by the Federal Council.

If a Certificate of Indemnity is awarded, the indemnitee is responsible for confirming the stability of the objects for travel and, if necessary, to assure the Federal Council at any time during the indemnity period that conditions of objects correspond to the initial condition reports.

1. Confirm if a qualified professional has determined that objects are able to withstand the rigors of packing, shipping, and installation.
2. Indicate provisions for providing condition reports at the following points, giving the name and/or title of the person(s) responsible for filing the report:
 - 2i. Immediately prior to packing and shipping from the location of lender.
 - 2ii. Immediately upon delivery, after 24-hour acclimatization, and inspection at each venue.
 - 2iii. Immediately prior to packing and shipping from each venue.
 - 2iv. Immediately prior to packing and return shipping to location of lender.
 - 2v. Immediately upon delivery, after 24-hour acclimatization, and inspection at location of lender.
3. If storage facilities will be used, indicate provisions for providing condition reports, as applicable.

(e) Climate control conditions (at exhibition venues and storage facilities).

Facility reports will be used as reference only. For each venue (include specific places in the building where indemnified objects will be located), and at each storage facility, provide detailed:

1. Specifications of the type, operation, and maintenance oversight of the climate control equipment.
 - 1i. Explain if chemicals are added to water that becomes steam introduced into the hot air ducts to humidify the gallery, and if so, what chemicals are used.
2. Temperature: degrees in Fahrenheit and average 24-hour ranges; explain any recent discrepancies and methods used to correct and monitor.
3. Relative humidity: percentage(s) and average 24-hour ranges; explain any recent discrepancies and methods used to correct and monitor.
 - 3i. Method to maintain RH in display cases, vitrines, etc. as applicable.
4. Light levels: maximum level in foot-candles **that will be set** for each object type.
NOTE: The Federal Council requires light meters be calibrated just prior to object arrival to ensure accuracy. The Federal Council generally requires maximum

levels, i.e. nte 25 fc/paintings, 5 fc/works on paper and sensitive materials, and may require or recommend lower light levels for specific objects.

5. Special precautions to be taken for objects susceptible to damage as a result of fluctuations or extremes in humidity, temperature and/or lighting (such as wood, furniture, works on paper, etc.).
6. Explanation if local construction projects at and/or adjacent to buildings where indemnified objects will be located is anticipated during the indemnity period, and how activities that may affect objects (i.e. vibration, light exposure, heat, dust, etc.) will be avoided.

(f) Security arrangements (at exhibition venues and storage facilities).

NOTE: The Federal Council requires human presence 24-hours/7-days inside buildings where indemnified objects are located.

Each approved participating venue must submit to the Indemnity Administrator a letter from its Chief of Security, endorsed by its Director, within 30 days preceding the opening of the exhibition at that venue, to certify that security arrangements remain as stated in the approved application or as subsequently submitted and approved.

Facility reports will be used for reference only. For each venue (include specific places in the building where indemnified objects will be located), and at each storage facility, describe:

1. Number of guards assigned to this exhibition area while the exhibition is open to the public. **AT THE END OF THE NARRATIVE INCLUDE A FLOOR PLAN** of the exhibition galleries for each venue, indicating anticipated guard placement and their possible line of sight to indemnified objects. **NOTE:** approved applications must provide a final floor plan no less than thirty days prior to the first object arrival at each venue. The Federal Council may require additional guard posts.
2. Number of guards on duty in the building 24/7 while the exhibition is **not** open to the public.
3. How galleries will be protected, and if a guard will be present at each gallery entrance to restrict access, during installation and de-installation.
4. Electronic surveillance and monitoring.
5. Fire protection measures, including if exhibition galleries and storage areas have sprinklers (describe type).
6. Installation plans, and related security, for objects by type/size/weight/double-sided objects, etc.

Also include:

- 6i. general and specialized installation equipment to be used.
- 6ii. security hardware such as hanging rods, screws, alarms, and vitrines, stanchions, pedestals, barriers (for each type of obstacle provide anticipated depth in inches between the outermost projection of objects and public reach), etc., to be used. **NOTE:** The Federal Council recommends a minimum protective barrier depth of 30 inches.

- 6iii. other protective measures, and especially to mitigate against seismic activity for all regions of the country, where indemnified objects will be located.
7. Confirm that public programming with physical activities (i.e. performance, dance, music, yoga, etc.) will occur out of range of indemnified objects.

(g) Transit limit per conveyance (vehicle) of transportation.

NOTE: The Federal Council permits a maximum of \$150 million of indemnified value per conveyance. In special circumstances, approved limits may be less than \$150 million. Value in excess of the amount indemnified per conveyance must be insured by the indemnitee or other party.

1. Indicate the maximum value of indemnified objects to be transported in a single conveyance (vehicle) of transportation.

(h) Government Regulations, as applicable.

1. Indicate if, and by whom, application will be filed for immunity from judicial seizure through the U.S. Department of State.
2. Indicate if, and by whom, application will be filed for CITES permits through the U.S. Department of the Interior, Fish and Wildlife Services.
3. Describe, and indicate if, and by whom, application for other specific regulatory permissions will be filed, as may be required.

NOTE: The Federal Council strongly encourages applicants to apply for all applicable permissions.

6. Other Insurance Arrangements

NOTE: The maximum limit of indemnity coverage per exhibition is \$1.8 billion.

The Arts and Artifacts Indemnity Act provides for a deductible per exhibition of the first:

- \$15,000 for up to \$2 million in indemnified value;
- \$25,000 for more than \$2 million but less than \$10 million in indemnified value;
- \$50,000 for not less than \$10 million but less than \$125 million in indemnified value;
- \$100,000 for not less than \$125 million but less than \$200 million in indemnified value;
- \$200,000 for not less than \$200 million but less than \$300 million in indemnified value;
- \$300,000 for not less than \$300 million but less than \$400 million in indemnified value;
- \$400,000 for not less than \$400 million but less than \$500 million in indemnified value;
- \$500,000 for \$500 million or more in indemnified value.

(a) State the insurance or other arrangements, including name(s) of the insurance company, to cover the applicable deductible and any value in excess of the amount approved for indemnity.

7. Financial Arrangements

- (a) List the source(s) of assured or anticipated support to be used to cover the general expenses of organizing the exhibition.
- (b) Describe the nature and amount of loan fees or other contractual arrangements (not including general costs of packing, shipping, logistics) in excess of \$10,000 for the entire exhibition with any lender to, or organizer of the exhibition, or with foreign governments representing lenders.

8. Previous Losses/Damages

- (a) Describe any loss or damage over \$5,000 to permanent collection or borrowed objects (whether or not a claim was filed) incurred by the applicant, a participating venue, and/or storage facility named herein, during the three years prior to this application. For each loss/damage include:
 1. Location and date of the event.
 2. Nature and cause.
 3. Description and appraised value of the object(s) before and after the event.
 4. If litigation determined blame or negligence.
 5. Measures taken to prevent reoccurrence.

NOTE: Should loss and/or damage be incurred by the applicant, a participating venue, and/or storage facility after this application is submitted, notify the Indemnity Administrator immediately.

9. Accreditation by the American Alliance of Museums (AAM)

NOTE: Accreditation is not required to receive an indemnity. However, if an applicant or participating venue is not accredited, the Federal Council reserves the right to request a statement from that venue describing its procedures for handling loss or damage, or other pertinent information.

- (a) State if each participating venue is accredited by AAM, and date of last accreditation.

10. Exhibitions Outside the United States

The Arts and Artifacts Indemnity Act permits U.S.-owned objects to be indemnified while on exhibition outside the U.S., preferably when they are part of an exchange of exhibitions between a foreign country and the U.S.

For exhibitions from the U.S. on exhibition abroad, priority will be given: 1) if an exchange of exhibitions is planned, and 2) if the responsibility for indemnity will be shared between the U.S. and foreign institution(s). An exchange of exhibitions can be conceived and planned concurrently by the U.S. and foreign institutions, or created in response within five years (i.e., the time lapse between the end of the first exhibition and the beginning of

the second should not exceed five years). Both exhibitions should be of comparable importance.

- a) If this exhibition will take place outside the U.S., describe in detail the nature of the exchange, information about the exhibition being shown in the U.S. and any other insurance arrangements.
- b) If no exchange is planned, explain if the country in which this exhibition is to be shown has an indemnity program.

If a single exhibition contains objects U.S.-owned and non-U.S.-owned, and is to be shown at sites both in the U.S. and abroad, indemnity can be requested for the U.S.-owned and non-U.S.-owned objects while on exhibition in the U.S., and for the U.S.-owned objects only while on exhibition abroad. However, priority for coverage will be given to joint exhibitions in which the responsibility for indemnity is shared by the U.S. and foreign institutions.

- c) If this application is for coverage of a single exhibition, with non-U.S.- and U.S.-owned objects on exhibition in the U.S., and U.S.-owned objects on exhibition abroad, include a statement to that effect in Question 6(b) of the Application for Federal Domestic Assistance/Short Organizational Form, and:
 - i. Include all relevant application information (e.g. places and dates of exhibition; packing, shipping, security, environmental information; provision of condition reports, facility reports, floor plans, etc.) for all venues in the appropriate application questions of the Narrative.
 - ii. Include Question 12 (Identification and Valuation of Non United States-Owned Objects Requested for Indemnity) for coverage of non-U.S.-owned objects while on exhibition in the U.S.; and Question 13 (Object Identification and Valuation for United States-Owned Objects Requested for Indemnity) for coverage of the U.S.-owned objects while on exhibition in the U.S. and abroad.

NOTE: Indemnity under these guidelines does not cover exhibitions consisting solely of U.S.-owned objects on exhibition in the U.S., or solely of non-U.S.-owned objects on exhibition abroad.

11. Third Party Opinion of Lender Value For Objects Requested for Indemnity

The applicant must have lender values assessed by experts other than staff of the applicant, participating venues, lenders, or anyone directly involved with the exhibition. An expert may be, for example, personnel of an auction house or dealer, or an outside curator unaffiliated with the exhibition. An expert should identify conflicts of interest and recuse him/her/their self. If requested objects are of two or more types, cultures, time periods, etc., it may be necessary to consult more than one expert (they do not need to be from the same source). The Third Party 1) may agree with the lender value, or 2) may

believe the lender value is low, or 3) may believe the lender value is high. If the Third Party does not concur with the lender value he/she/they should suggest an alternate value. State the Third Party's opinion of the values in the Identification and U.S. Dollar Value of Objects Requested for Indemnity (Items 2 and 3, and as applicable, 4); see instructions, below.

(a) Provide the name and title for each expert and a brief statement that establishes his/her/their expertise and qualifications (see Question 12(g)).

NOTE: In no case will an approved indemnified value exceed the lender value.

Item 2 – “Question 12: Identification and U.S. Dollar Value of Non-United States-Owned Objects Requested for Indemnity” list, Item 3 – “Question 13: Identification and U.S. Dollar Value of United States-Owned Objects Requested for Indemnity” list, and Item 4 – “Question 14: Identification of Objects Not Requested for Indemnity” list:

NOTE: Location of lender country of residence, and not location of object, determines if object is included in List 12 or List 13.

- Submit Items 2, 3, and 4 as separate **MS Excel** spreadsheet files as specified in sections 12, 13, and 14, below. **Do not convert spreadsheets into PDF format.** Use Arial, 12-point font size. Do not type in all capital letters. Pages should appear in LANDSCAPE format to fully fit onto an 8 1/2 x 11 inch sheet.
- Name your file before you upload it. The name of the file should indicate the name of your organization or a recognizable acronym followed by “Item 2” or “Item 3” or “Item 4” (e.g., “ABCOrganizationItem2”).
- **Password protect each file** (e.g., Excel) before you upload it to the Applicant Portal. This feature generally is located through the “File” tab of each program. **Use the same password for each file. After completing Part 2, email this password to the Indemnity staff at:** loikop@arts.gov and hoffmand@arts.gov

12. Item 2: Identification and U.S. Dollar Value of Non-United States-Owned Objects Requested for Indemnity

NOTE: Country of ownership is determined by the residence of the legal lender and not by the location of the object.

Provide a numbered list of all objects requested for indemnity in spreadsheet LANDSCAPE format. Follow this template, using only these column titles and row numbers (information must match information provided with the visual documentation; see instructions for Visual Documentation preparation, below).

A	B	C	D	E	F	G	H
Number	Object Type	Object Description	Lender	Lender Value	Source of Lender Valuation	3 rd Party Opinion Value	Source of 3 rd Party Opinion Value
12.1							
12.2, etc.							

NOTE: The applicant determines the order of the list (by lender, lender location, artist, theme, etc.).

Include the following information for each object:

- (a) **Number:** Start with number 12.1 and number consecutively. This number must match the number for the same object in the visual documentation that you submit, and also where the specific object is described within the narrative text.
- (b) **Object Type:** For example, painting, drawing, photograph, ceramic, sculpture, furniture, jewelry, textile, scientific instrument, manuscript, etc.

Indemnity does not consider coverage of auxiliary materials, such as frames, cases, mounts, etc. unless specifically itemized and for which full details, values, and images are submitted.

NOTE: For concern of risk, the Federal Council is generally opposed to indemnifying oil on copper paintings, objects containing pastel, certain chalk (i.e. synthetic), charcoal, lacquer, certain types of glass (including enamels), works on parchment or vellum, marquetry, frescoes, other fragile objects, and objects to be exhibited outdoors. Oversized objects (exceeding 10 feet/120 inches in any direction, or of an excessive weight) and oil on wood panel paintings will be reviewed on a case by case basis. Oil on single wood panels larger than two feet by three feet (with one dimension no greater than 24 inches) will not be indemnified. The Federal Council may determine that objects be moved to the list of non-indemnified objects.

- (c) **Object Description:** Artist name, nationality and life dates, title, date, medium, support, dimensions HxW in inches (adding dimensions of frames is optional), include HxWxD for 3-D objects, and if applicable a lender accession/inventory number. If the borrower does not agree with a lender's attributions, explain.

Indicate if an object contains more than one part (e.g., a pair of earrings). If an object is described as a pair or set, it is the applicant's responsibility to advise the lender of

the Federal Council's policy regarding loss of a part of a pair or set (see Clause 7 of the Certificate of Indemnity). Objects considered part of a pair/set must have individual values.

In addition:

- For objects directly on or mounted onto *panel, wood or board*, include the type of wood.
- For *collages* and *mixed media*, identify the medium/materials (and support, if applicable) of each element.
- For *manuscripts* and *sketchbooks*, indicate the entire number of pages, and the number and size of illuminations or illustrations. Give page number(s) to be exhibited.
- For *books*, give the number and date of the edition and, if possible, the rarity (e.g. the number of known copies), and describe annotations or associations. Give page number(s) to be exhibited.
- For *prints* and *photographs*, give the date of the print, indicate if the print was not made by the artist or photographer, and note if it is the only state, or which state it is, if known.
- For *large* and/or *particularly heavy objects*, give the weight in pounds.
- For *cast objects* (i.e. bronze), include casting date.

- (d) Lender: **Full name**, city, state, and country of location or residence of the legal owner. Private lenders must be identified by name, city, state, and country of residence, even if represented by an agent on their behalf (i.e. if a gallery or dealer is listed as owner but is acting on behalf of the owner, the owner and owner's place of residence must be included). Objects owned by a curator associated with this exhibition must be listed under Question 14 "Identification of Objects Not Requested for Indemnity" (Item 4).

NOTE: Objects owned by the applicant or participating venues may not be indemnified while on exhibition at that lender's location. If traveling, such objects may be included in Questions 12 and 13 for coverage while in transit (starting with condition reports prior to packing) and/or while on exhibition at other participating venues. Objects owned by the applicant or participating venues to be exhibited only at that venue should be included in Question 14.

- (e) Lender Value: Lender's value, converted to U.S. dollars, for each object.

NOTE: All values submitted will be considered. Value in excess of amounts approved for indemnity must be insured by the indemnitee or other party.

Generally, for objects with lender values greater than \$100 million, the Federal Council will limit indemnity coverage to no more than \$100 million per object, and excess must be otherwise insured. Objects considered part of a pair/set must have individual values.

Provide U.S. dollar value rounded to the nearest full dollar (do not add cents, even if .00). Convert foreign currency values into U.S. dollars; indemnity claims are paid only in U.S. dollars. Reasonable currency fluctuations anticipated to occur during the indemnity period should be reflected and explained in the valuations.

Enter the lender value. Set Excel "decimal places" to 0, to avoid including cents. Then enter the total of these lender values in the cell directly under the last lender value. For example, if the list ends at 12.34, enter the total value requested in the cell **under** the Lender Value for 12.34. In the cell directly to the left of this total, type the phrase **"TOTAL REQUESTED INDEMNITY FOR QUESTION 12.** This phrase, **and the total value**, should be in **BOLD**.

NOTE: The list of objects and U.S. dollar values is included in the Certificate of Indemnity and will be the basis to determine the amount of a certified claim payment. All final lender values must be provided before an approved Certificate of Indemnity will be issued.

- (f) Source of Lender Value: If value is provided by the lender, write "Lender" (do not include a person's name); or, if lender value is unconfirmed at the time of the application, write name and title (e.g. John Doe, curator) of the individual estimating a temporary value to be considered for the application until the lender value is confirmed. Values may be updated for consideration prior to the meeting of the Advisory Panel; increased values will not be considered after the meeting of the Advisory Panel.
- (g) 3rd Party Opinion Value: Third Party opinion value rounded to the nearest full U.S. dollar (see Question 11). Follow the instructions in (e) Lender Value, above. Do not total the values in this column.
- (h) Source of 3rd Party Opinion Value: Name of the Third Party providing the opinion.

13. Item 3: Identification and U.S. Dollar Value of United States-Owned Objects Requested for Indemnity

NOTE: Country of ownership is determined by the residence of the legal lender and not by the location of the object.

Using the instructions for Question 12, provide a separate numbered list, starting with 13.1, of all U.S.-owned objects for which indemnity is requested.

14. Item 4: Identification of Objects Not Requested for Indemnity

This information is necessary for the Federal Council to determine the educational, cultural, historical, or scientific value of the exhibition as a whole.

Using the instructions for Question 12, provide a separate list, starting with 14.1, of all objects to be included in the exhibition for which indemnity is **not requested**. Complete columns A-F only. For (d) Lender: if a private lender does not wish to be identified, indicate "private lender." For (e) Lender Value: applicants are strongly encouraged to provide U.S. dollar values for objects, including from non-U.S. lenders. This information is reviewed to assess values given in Questions 12 and 13. Applicants who do not furnish U.S. dollar values for objects in Question 14 may be requested to do so. Logistical arrangements and visual materials are not required for objects not requested for indemnity.

Visual Documentation

Submit digital images in two separate PDF files: one PDF for the objects requested for indemnity, and one PDF for the highlight images. Image size should be consistent. There is a limit of 250 MB for all of your Part 2 application materials combined.

Password protect each file (e.g., PDF) before you upload it to the Applicant Portal. This feature generally is located through the "File" tab of each program. **Use the same password for each file. After completing Part 2, email this password to the Indemnity staff at:** loikop@arts.gov and hoffmand@arts.gov

NOTE: Object information provided for each image must match information provided with Lists 12 and 13; see instructions for **12 and 13. Items 2 and 3: Identification and U.S. Dollar Value of Objects Requested for Indemnity**, above:

Submit:

1. One image **per page** of each object requested for indemnity, and include:
 - Number matching the number used in the lists for Question 12/Item 2 and Question 13/Item 3
 - Artist
 - Title
 - Date
 - Medium/support
 - Dimensions
 - Lender
 - Lender Value
2. Ten images, **one object per page**, to highlight the exhibition. Preference is that the images represent objects requested for indemnity. The applicant determines the order

of the images, which should best present the exhibition by theme, or chronology, nature, significance, rarity, etc. The order of the images does not need to follow the numerical order used in the lists for Question 12/Item 2 and Question 13/Item 3.

Number the highlight images **1-10 (these are NOT the same numbers as in Lists 12, 13, and if applicable, 14)**, and include on each page:

- Number matching the number used in the lists for Question 12/Item 2 and Question 13/Item 3
- Artist
- Title
- Date
- Medium/support
- Dimensions
- Lender
- **NOTE: DO NOT INCLUDE LENDER VALUE, AND DO NOT INCLUDE EXPLANATORY TEXT (see next)**

On a separate page at the end of the PDF provide a list numbered 1-10, and for each number include:

- Number matching the number used in the list for Question 12/Item 2 and Question 13/Item 3
- Artist
- Title
- Date
- Medium/support
- Dimensions
- Up to three total BRIEF, CONCISE sentences describing the object, such as its importance to the exhibition, or to the artist's oeuvre, etc.
- **NOTE: DO NOT INCLUDE LENDER VALUE**
