See the **Guidelines** and Appendix A of the [General Terms & Conditions for Grants and Cooperative Agreements to Organizations \(FY 15 and later\)](#) for a list of National Policy and Other Legal Requirements, Statutes, and Regulations that govern awards.

For accessibility requirements see specifically, **Section 504 of the Rehabilitation Act of 1973, as amended**, (29 U.S.C. 794) as well as **The Americans with Disabilities Act of 1990 (ADA), as amended** (42 U.S.C. 12101-12213), implemented by the NEA at 45 U.S.C. 1151.

Section 504 of the Rehabilitation Act of 1973, as amended, provides that no otherwise qualified individual with a disability in the United States shall, solely by reason of his/her disability, be excluded from participation in, be denied benefits of, or be subject to discrimination under any program or activity receiving Federal financial assistance (29 USC 794).

Access should be integrated into all facets and activities of an organization, from day to day operations to long-range goals and objectives. Access accommodations and services should be given a high priority and funds should be available for these services. All organizations are legally required to provide reasonable and necessary accommodations for staff and visitors with disabilities.

The Americans with Disabilities Act of 1990 (ADA), as amended, prohibits discrimination on the basis of disability in employment (Title I); State and local government services (Title II); and places of public accommodation and commercial facilities (Title III) (42 USC 12101-12213). The ADA's requirements apply regardless of whether you receive federal funds.
