

# Arts and cultural employment, indexed to the U.S., 2014

*Location quotient, U.S. index = 1.00*

- Above average: 1.28 to 1.47
- Above average: 1.09 to 1.17
- Average: 0.95 to 1.05
- Below average: 0.85 to 0.93
- Below average: 0.65 to 0.83

Note: The location quotient measures the number of arts and cultural workers as a share of the state's total number of workers, relative to the U.S. concentration. A location quotient of 1.2 indicates that arts and cultural employment is 20 percent greater than the national concentration.
