

## Ordinary

Nicole Acosta

KASSIE

You and me used to be so close  
But lately I have lost all hope for us  
Because you've been acting shady, I'm confused  
My guess is maybe I'm not right for you  
Is it true?

I feel like I'm running out of time  
And I can't get you off my mind

Oh, why don't we just talk about it?  
Can't we be ordinary people for one day?  
And even, even if we have parted  
Can't we be ordinary people for one day?  
I've got to know if we could be ordinary

Oh, you don't seem to feel this pain  
And my heart keeps breaking every day  
Do you even mind?  
That we might leave us behind?  
I thought that I was different  
But I guess I'm just insignificant to your story  
Or guess I'm just boring

I feel like I'm running out of time  
And I can't get you off my mind

Oh, why don't we just talk about it?  
Can't we be ordinary people for one day?  
And even, even if we have parted  
Can't we be ordinary people for one day  
I've got to know if we could be

Oh, I know this time we may not last  
But I still have to try and ask  
What's wrong?  
Was it me all along?  
And after everything that we've been through,  
I thought I was enough for you  
We had so much love  
Was it ever enough?

JUSTIN: Alright, you want to talk? Let's talk. How do you expect this to work?

KASSIE: Well, you know we can call each other every day, uh, I don't know maybe...

JUSTIN: Look... I just don't see this happening.

KASSIE: What do you mean? I've been trying to talk about this with you. Look, we can make this work. You can transfer and...

JUSTIN: Transfer?! Kassie I'm sorry but I-I can't do this. I have to go.  
KASSIE: Justin, wait!

Oh, why don't we just talk about it?  
Guess we'll never be ordinary people for one day  
And I know in my heart that we'll  
Never be ordinary people for one day  
But I'll just move on  
Since you're already gone  
Can't keep waiting for you  
Maybe we're just not ordinary
