Part 1: Organizational Information

You will be asked to provide the following information in this section:

Legal Name (should match SF-424)

Organization Budget

Budget Form: Complete this section using figures for the most recently completed fiscal year, the previous fiscal year, and the fiscal year prior to that.

Sample View of Organizational Budget Form:

	Most Recently Completed FY	Previous FY	Two FYs Prior
FY End Date (MM/DD/YYYY)			
Income			
Earned			
Contributed			
TOTAL INCOME	\$ 0	\$ 0	\$ 0
Expenses			
Artistic Salaries			
Production / Exhibition / Service Expenses			
Administrative Expenses			
TOTAL EXPENSES	\$ 0	\$ 0	\$ 0
Operating Surplus / Deficit	\$ 0	\$ 0	\$ 0

When completing this form you'll use the line items below for each fiscal year. Unaudited figures are acceptable. And figures that amount to \$0 are acceptable in cases where organizations do not have a budget line for that particular figure.

Income

- **Earned:** Revenues that are received through the sale of goods, services performed, or from investments. Examples: ticket sales, subscription revenue, contractual fees, interest income.
- **Contributed:** Gifts that are received which are available to support operations. Examples: annual fund donations, grants for general operating or project support, in-kind contributions.

Expenses

- **Artistic Salaries:** Costs that are directly related to the creation, production, and presentation of art work. Examples: fees for dancers, choreographers, actors, curators, artistic directors, contributors to literary publications. Include arts personnel that are on your staff as well as those that are paid on a contract or fee basis.
- **Production/exhibition/service expenses:** All program or service delivery costs, excluding artistic salaries and fees that are listed above. Examples: research

expenditures; presentation costs; costs of sets, costumes, and lighting; publication costs of catalogues or literary magazines.

- **Administrative expenses:** All other costs that are incurred during the normal course of business. Examples: outside professional non-artistic services, space rental, travel, marketing, administrative salaries, utilities, insurance, postage.

NOTE: The figures are subject to verification by the National Endowment for the Arts.

If you are a parent organization, provide this information for the independent component on whose behalf you are applying (e.g., for a university project, provide the information for the independent component, not the entire university). *Academic departments within universities and colleges are **not** considered independent components.* For independent components, you may use the space to discuss the fiscal health of your organization to explain the relationship that the independent component has with the larger entity (e.g., "museum guards and utilities paid for by university"). If your organization is a smaller entity that exists within a larger organization (such as literary organization housed at a college or university), submit information for the smaller entity and follow the instructions for parent organizations and independent components.

This is intended to show your organization's fiscal activity as it relates to operations. Do not include activity related to a capital campaign (such as raising money for a new facility, an endowment fund, or a cash reserve fund). You will be given an opportunity to explain and discuss the fiscal health of your organization, including identifying the source of the activities, as needed. We may request additional information to clarify an organization's financial position.

Fiscal Health: You will be asked to account for the fiscal health of your organization. In addition, you must explain: 1) any changes of 15% or more in either your income or expenses from one year to the next, and 2) plans for reducing any deficit (include the factors that contributed to the deficit and its amount). (1,000 Character Limit, including spaces)

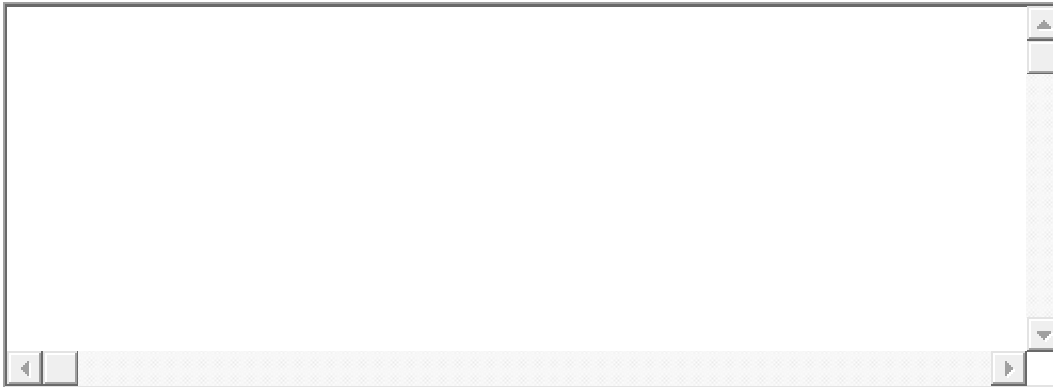

Operating History:

Submit a representative list of your organization's operating history for the past three years.

This list should demonstrate eligibility (i.e., your organization's three-year operating history) and the artistic excellence and merit of your organization. Where applicable, include *research/evaluation* programming that has a relationship to the project for which you are requesting.

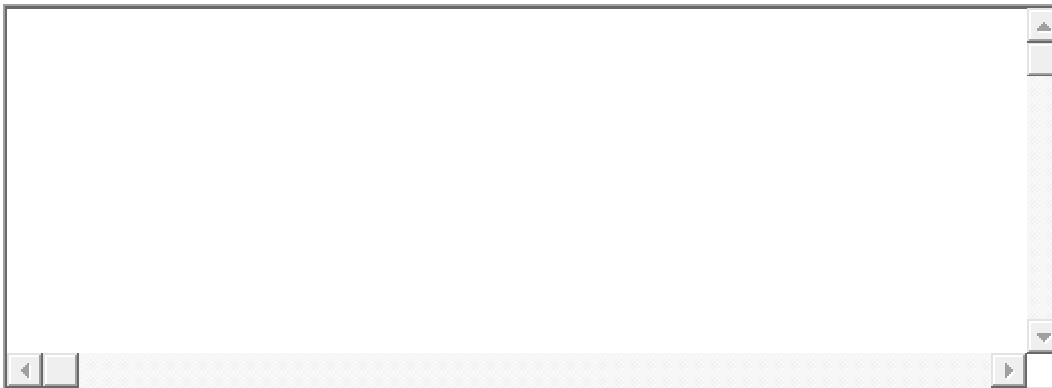

You'll enter your information this way:

Project Activities

Project Title: If your project title has changed since you submitted through Grants.gov, provide a new project title in the text field below. Text cannot be formatted (e.g., bold, italics). If you have no changes, leave the text as is (e.g., do not type "N/A").

Project Description: If your project description has changed since you submitted through Grants.gov, provide a new description in the text field below. Text cannot be formatted (e.g., bold, italics). If you have no changes, leave the text as is (e.g., do not type "N/A").

Major Project Activities (30000 Character Limit, including spaces)

The information that you provide will be reviewed in accordance with the "[Review Criteria](#)." Your narrative should address each of these "Review Criteria" and include information on the following, as relevant to your project.

If any of the activities related to your proposal is included in a current NEA application or award, include the applicable application or award number, and clearly state that you are not requesting funding for the same activity. NOTE: You may not receive more than one Arts

Endowment grant for the same expenses. There can be no overlapping project costs within the submitted budget with other federally sponsored projects.

Include information on activities that will take place *during the requested period of support*. Be as specific as possible about actual activities and describe them in full. Do not merely describe the vision or long-term goals for the project. You may present information about a broader initiative, if applicable, but be very specific about the phase(s) of your project that are included in your request for funding (e.g., “funding is being requested for ‘B’ of ‘ABC’ activity”).

Please organize your response a), b), c), etc. and use the boldfaced language in the instructions as a heading for each item. Be as specific as possible about the activities that will take place during the project period.

- a. **Research motivation.** List specific research questions that will be examined and provide detailed contextual information on their significance to the value and/or impact of the arts. Include a review of any relevant theoretical and/or empirical literature regarding the unique potential contribution of this research. If possible, describe hypotheses motivating the research questions. Figures or visual representations that demonstrate a model or framework are encouraged and may be included as a special attachment. **Strong justification for the research should be presented beyond merely restating that the NEA is interested in such projects.**
- b. **Research design.** Provide a clear and detailed research design, including descriptions of any proposed qualitative, quantitative, or mixed-method design, and strong justification for the proposed design.
 - I. **Sample(s).** Clearly describe information about the study sample, such as the demographics of the individuals or organizations, the sampling design and expected response rate (if appropriate).
 - II. **Data Source(s).** Clearly describe the information to be collected and/or used, including any procedures, assessments, interview protocols, coding schemes, databases, etc. If any information will be derived from archived sources, then include the year(s) that the data were collected and any other pertinent information about the sample. Describe how the data lend themselves to addressing the proposed research questions, and discuss any significant limitations posed by the data. If the project involves collecting qualitative and/or quantitative data, then include any steps to be taken to ensure high quality and reliable data, such as methods to reduce researcher and/or participant biases, and methods that provide information on the appropriateness of the sample size. If the project involves analyzing variables from more than one data source

concurrently, discuss the appropriateness of establishing any relationships between the variables and/or data in question.

- c. **Data analyses.** Describe the data analysis procedures. To the extent possible, provide detailed information about the types of qualitative and/or quantitative information that will be manipulated and/or used to answer each research question (figures or visual representations that demonstrate a model or framework are encouraged and may be included as a special attachment). If applicable, specify the statistical model (i.e., relationships between independent and dependent variables) and hypotheses, and explain any measures that will be used to operationalize the model.
- d. **Outline for research paper.** Provide a draft outline for the research paper that will be submitted at the end of the grant period. (See "[Administrative Requirements](#)" for additional information.)
- e. **Works cited or references** of literature cited.

Data management plan (5000 Character Limit, including spaces): Describe the types of raw data and meta-data to be generated by the project, and address any plans for sharing those data with other researchers and the public. The data management plan will be evaluated by panelists as part of the application review. At a minimum, data management plans should address:

- *Types of raw data (e.g., results of data collection) and meta-data (e.g., data collection instruments, codebooks) to be produced in the course of the research project.*
- *Standards to be used for raw- and meta-data format and content.* Where existing standards are absent or inadequate, this should be documented along with any proposed solutions or remedies.
- *Policies for sharing the raw- and meta-data with researchers and the public,* including provisions for appropriate protection of privacy, confidentiality, security, intellectual property, or other rights or requirements. Applicants should discuss HIPAA Privacy Rule, de-identification of personally identifiable information, and IRB as appropriate. To the degree possible, explain factors that may affect making the data publicly available. If appropriate, explain the lowest level of aggregated data that will be shared with others.
- *Plans for archiving the raw- and meta-data, and for ensuring continuous access to them beyond the project period.* Describe physical and virtual resources

and/or facilities that will be used for data preservation. Include any third-party data repositories. Explain changes to any roles and responsibilities that will occur if the project leaders leave the applicant organization or project.

A valid data management plan may include only the statement that no detailed plan is needed, as long as the statement is accompanied by a clear justification.

Descriptions (e.g., abstracts) about relevant prior research (5000 Character Limit, including spaces) conducted by you or by key personnel. Include the types of methodology used and project outcomes, and, if available, links to publications and other products.

Other Organizational Partners: An organizational partner is an outside entity that will provide resources (other than money) to support the project. Because all NEA projects require matching resources from non-federal sources, organizations that only provide money are not considered partners. Funders are not excluded from being partners, but they must also supply human resources or information capital, or actively participate in another way. If applicable, briefly describe the process and criteria for the selection of key organizations that will be involved in the project. Where relevant, describe their involvement in the development of the project to date. Where they remain to be selected, describe the selection procedures that you plan to follow and the qualifications that you seek. (1,000 Character Limit, including spaces)

Description of Key Organizational Partners: Include brief, current descriptions of the key organizational partners. You may include up to 10.

- **Organization Name**
- **Proposed or committed?** Select answer from drop-down.

Description of the Organization (500 Character Limit, including spaces)

Selection of Key Individuals: Briefly describe the process and criteria for the selection of key individuals that will be involved in this project (e.g. primary artist(s), project director, artistic director, executive director, teaching artist, curator, editor, folklorist, conductor). Where relevant, describe their involvement in the development of the project to date. Where they remain to be selected, describe the procedures that you plan to follow and the qualifications that you seek. (1,000 Character Limit, including spaces)

Bios of Key Individuals: Include brief, current biographies of the key individuals. You may include up to 5.

- **First Name**
- **Last Name** (Use this field for artistic group names or single names)
- **Proposed or committed?** Select answer from drop-down.
- **Bio.** Briefly describe the qualifications, roles, responsibilities, and percent of time to be devoted to the project for key personnel. Identify if the personnel will be involved with

human subjects research and/or human subjects data (certificates of training in ethics for human research are requested as a separate item). Please include, as appropriate: education; professional experience and honors; selected peer-review and non-peer review publications, including manuscripts in preparation or under review; history of ongoing and completed research support, including sources of support; and research skills. Include affiliations within the past year and through the following year (1,000 Character Limit, including spaces)

Schedule of Key Project Dates: Describe the significant dates in the project. If you include activities that occur before May 1, 2017, make sure that those activities and costs are not included on the Project Budget form. (1,500 Character Limit, including spaces)

Promotion & Publicity: Provide plans for making all related research papers, presentations, and products accessible to the public, including use of various distribution channels and modes. Describe partnerships, if any, for distributing the results. For projects that include the development of new arts interventions and/or research tools or models, please describe the potential scalability and translational ability of the project. (1,000 Character Limit, including spaces)

Accessibility: Federal regulations require that all NEA-funded projects be accessible to people with disabilities. Funded activities must be held in an accessible venue and program access and effective communication must be provided for participants and audience members with disabilities. If your project is recommended for funding, you will be asked to provide information describing how you will make your project physically and programmatically accessible to people with disabilities:

- Buildings and facilities (including projects held in historic facilities), should be physically accessible. This includes, but is not limited to: ground-level entry, ramped access, and/or elevators to the venue; integrated and dispersed wheelchair seating in assembly areas; wheelchair-accessible box office, stage, and dressing rooms; wheelchair-accessible display cases, exhibit areas, and counters; and wheelchair-accessible restrooms and water fountains.
- The programmatic offering should be accessible either as part of the funded activity or upon request, where relevant. This can include, but is not limited to: contact information for requesting accommodations; electronic materials and websites; print materials in alternative formats, such as large-print brochures/labels, Braille, and electronic/digital formats; accommodations for performance, tours, and lectures, such as audio description, tactile opportunities, sign language interpretation, and real-time captioning; closed/open captioning of video and film; and assistive listening devices.

Please see the [Nondiscrimination Statutes](#) in our "[Assurance of Compliance](#)" for additional information. For technical assistance on how to make your project fully accessible, contact the Accessibility Office at accessibility@arts.gov, 202/682-5532 Voice or the Civil Rights Office at 202/682-5454 or 202/682-5082 Voice/T.T.Y., or see our online [Accessibility Resources](#).

Will your project be accessible to people with disabilities, inclusive of physical and programmatic access for those with physical, hearing, vision, and cognitive disabilities? Y/N

Performance Measurement: How will you measure the success of your project? Describe any plans you have for program evaluation, for working collaboratively with researchers, strategic consultants, program evaluators, and/or any other plans for performance measurement related to the project. (1,000 Character Limit, including spaces)

Please see "[Program Evaluation Resources](#)" for additional information.

Intended Audience/Participants/Community: Who will benefit from the project and how? (2,000 Character Limit, including spaces)

Part 3: Project Budget

NOTE: Organizations cannot receive more than one National Endowment for the Arts grant for the same expenses. This budget cannot include project costs that are supported by any other federal funds or their match, including costs that may be included in applications submitted, or grants received, by partner organizations or presenters.

Your **Project Budget** should reflect only those activities and associated costs that will be incurred during the "Period of Performance" that you have indicated for your project. Any costs incurred before or after those dates will be removed.

All items in your budget, whether supported by NEA funds or your cost share/matching funds, must be reasonable, necessary to accomplish project objectives, allowable in terms of the NEA General Terms and Conditions, and adequately documented.

Applicants whose projects are recommended for grants will be asked to update the project budget.

While the Project Budget on the Grant Application Form will allow unlimited characters in the line items descriptions, please use the character maximums listed in the instructions below. If you go beyond the character maximums, your expanded information will not be seen by NEA staff or reviewers.

EXPENSES

DIRECT COSTS are those that are identified specifically with the project during the period of performance, and are allowable. Be as specific as possible.

1. **DIRECT COSTS: Salaries and wages** cover compensation for personnel, administrative and artistic, who are paid on a salary basis. (Funds for contractual personnel and compensation for artists who are paid on a fee basis should be included in "3. Other expenses" on the Project Budget form, and not here.) Indicate the title and/or type of personnel (40 characters maximum), the number of personnel (30 characters maximum), the annual or average salary range (40 characters maximum), and the percentage of time that will be devoted to the project annually (30 characters maximum). List key staff positions, and combine similar functions. Where appropriate, use ranges. If the costs for evaluation and assessment are part of staff salary and/or time, separately identify those costs.

Salaries and wages for performers and related or supporting personnel must be estimated at rates no less than the prevailing minimum compensation as required by the Department of Labor Regulations. (See "[Legal Requirements](#)" for details.) NEW: Awards that the NEA makes after December 26, 2014, now allow the following: Salaries/wages/fringe benefits incurred in connection with fundraising specifically for

the project. These costs must be incurred during the NEA project period of performance, and be approved as allowable project expenses by the agency.

Fringe benefits are those costs other than wages or salary that are attributable to an employee, as in the form of pension, insurance, vacation and sick leave, etc. They may be included here only if they are not included as indirect costs.

- DIRECT COSTS: Travel** must be estimated according to the applicant's established travel practice, providing that the travel cost is reasonable and does not exceed the cost of air coach accommodations. Limit your descriptions to these character maximums: # of Travelers = 20 characters; From = 50 characters; To = 50 characters. Include subsistence costs (e.g., hotels, meals) as part of the "Amount" listed for each trip, as appropriate. Foreign travel, if any is intended, must be specified by country of origin or destination and relate to activity outlined in your narrative. Foreign travel also must conform with government regulations, including those of the U.S. Treasury Department Office of Foreign Asset Control. If National Endowment for the Arts funds are used for foreign travel, such travel must be booked on a U.S. air-carrier when this service is available. List all trips -- both domestic and foreign -- individually. Justification for travel should be included in the project narrative and/or schedule of key project dates.

Sample View of Travel Form:

2. Direct Costs: Travel (include subsistence)			
# OF TRAVELERS	FROM	TO	AMOUNT
Total Travel			0

3. **DIRECT COSTS: Other expenses** include consultant and artist fees, contractual services, promotion, acquisition fees, rights, evaluation and assessment fees, access accommodations (e.g., audio description, sign-language interpretation, closed or open captioning, large-print brochures/labeling), telephone, photocopying, postage, supplies and materials, publication, distribution, translation, transportation of items other than personnel, rental of space or equipment, and other project-specific costs. List artist compensation here if artists are paid on a fee basis. For procurement requirements related to contracts and consultants, please review 2 CFR Part 200.317-.326. Limit your descriptions to 100 characters maximum.

Television broadcast projects and educational/interpretive videos must be closed or open captioned. Applicants should check with captioning organizations for an estimate.

Clearly identify the rental of equipment versus the purchase of equipment. If you intend to purchase any equipment that costs \$5,000 or more per item and that has an estimated useful life of more than one year, you must identify that item here. Provide a justification for this expenditure either in this section of the Project Budget form or in your narrative. Computing devices are considered supplies if less than \$5,000 per item regardless of the length of useful life.

If you engage in contracts of more than \$15,000, identify the item or service and its relation to the project.

4. **TOTAL DIRECT COSTS** is the total of all direct cost items listed in "1. Salaries and wages," "2. Travel," and "3. Other expenses."
5. **INDIRECT COSTS** are overhead or administrative expenses that are not readily identifiable with a specific project. (The costs of operating and maintaining facilities and equipment, depreciation or use allowances, and administrative salaries and supplies are typical examples of indirect costs.) Indirect costs are prorated or charged to a project through a rate negotiated with the National Endowment for the Arts or another federal agency (limit your description of Federal Agency to 50 characters). You are not required to have an indirect cost/facilities and administration rate to apply for or receive a grant. You may claim administrative costs or overhead as direct costs under "3. Other expenses." Alternatively, a non-federal entity that has never received a negotiated indirect cost rate may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC). For more information see 2 CFR Part 200.414.f. However, you cannot claim both Indirect Costs and Administrative/overhead costs; you must choose one method or the other. If you have a negotiated rate and would like to include indirect costs, complete the information requested in this section. If you do not have or intend to negotiate an indirect cost rate, or do not plan to charge a de minimis 10% rate leave this section blank. Applicants may only apply a Research ICR for applications to the Research: Artworks program. For additional information, see "[Indirect Cost Guide for NEA Grantees.](#)"

6. **TOTAL PROJECT COSTS** is the total of "4. Total direct costs," and, if applicable, "5. Indirect costs." **NOTE:** "3. Total project income" must equal the "Total project costs." Your project budget should not equal your organization's entire operating budget.

INCOME

1. **AMOUNT REQUESTED FROM THE NATIONAL ENDOWMENT FOR THE ARTS:**

Track One: Value and Impact: You may request \$10,000 to \$30,000.

Track Two: Experimental and Quasi-Experimental Designs: You may request \$30,000 to \$100,000.

- 2. TOTAL COST SHARE/MATCH FOR THIS PROJECT:** Because the National Endowment for the Arts cannot support more than 50% of a project's costs, we require each applicant to obtain at least half the total cost of each project from nonfederal sources. For example, if you receive a \$30,000 grant, your total project costs must be at least \$60,000 and you must provide at least \$30,000 toward the project from nonfederal sources. These matching funds may be all cash or a combination of cash and in-kind contributions as detailed below. Be as specific as possible. For projects that include additional partners, indicate on the form the portion of the match that is being contributed by each participant. Asterisk (*) those funds that are committed or secured.

Cash match refers to the cash donations (including items or services that are provided by the applicant organization), grants, and revenues that are expected or received for this project. This also includes course-releases for faculty; tuition remission, course-credit, and/or internship credits for undergraduate or graduate students; and institutionally waived indirect costs (NEA policy generally prohibits support for costs towards an academic degree in their grant programs, but does allow it for Research: Art Works). Limit your descriptions to 100 characters maximum. Do not include any Arts Endowment or other federal grants that are anticipated or received. If you include grants from your state arts agency or regional arts organization as part of your match, you must ensure that the funds do not include subgranted federal funds. Identify sources. The Arts Endowment allows the use of unrecovered indirect costs as part of the cash match or cost sharing. Your organization must have a federal negotiated indirect cost rate agreement to include unrecovered indirect costs.

In-kind: Donated space, supplies, volunteer services are goods and services that are donated by individuals or organizations other than the applicant organization (third-party). Limit your descriptions to 100 characters maximum. To qualify as matching resources, these same items also must be identified in the project budget as direct costs to ensure their allowability. In-kind items not reflected as direct costs will be removed from your budget. The dollar value of these non-cash donations should be calculated at their verifiable fair-market value. Identify sources. Reminder: Proper documentation must be maintained for all items noted as "in-kind."

- 3. TOTAL PROJECT INCOME** is the total of "1. Amount requested from the National Endowment for the Arts" and 2. Total match for this project."

Sample View of Income Form:

Income

1. Amount Requested from NEA		
2. Total Match for this project		
Cash		Cash Amount
Total cash (a):		\$ 0
In-kind		In-kind Amount
Total In-Kind (b):		\$ 0
Total match for this project (2a + 2b):		\$ 0
3. Total project income (1 + 2):		\$ 0

Part 4: Items to Upload

There are two types of required items to upload: Human ethics certificates and permission to collect/use data (including IRB documentation), and one type of optional item to upload (examples related to the data collection and analysis).

- **Required: Human Ethics in Research Training:** If the proposed project involves *primary data collection* from human research subjects, evidence of ethics training must be included for *each* key personnel involved with participants and/or involved with human subjects data. Evidence can be demonstrated by providing a certificate of completion from the *Protecting Human Research Participants* free training module offered through the National Institutes of Health (NIH), or from a comparable training program sponsored by another U.S. federal agency or department.
- **Required:** Information that documents your organization's **right to access the data and/or collect the data specified in your application**. Include all documentation that applies:
 - Evidence that the data is in the public domain.
 - Written permission that grants you the right to access the data specified in your application. The written permission **must** explicitly identify the holder of the access and the date of consent, and, if applicable, time restrictions or other restrictions for accessing the data and the cost of the data.
 - If you will be including the purchase of the data in your Official NEA Project Budget, evidence that guarantees that you will have the right to access the dataset(s) upon purchase. Detail the process that you will use, the date by which you will purchase the data and secure access rights, and the cost of the data.
 - Applicants who include *primary data collection* as a proposed project activity are required to provide documentation regarding whether or not IRB approval is needed to execute the project. If the documentation states that IRB approval is required, then applicants also must indicate the measures they have taken or plan on taking to gain IRB approval, including evidence that they have reached out to their preferred IRB or IRBs.

If IRB approval is needed, then you should begin working with an IRB office as soon as possible. If you are awarded a grant, you will be expected to submit a confirmation letter on the status of your IRB submission. If you receive a grant, the NEA may withhold funds until IRB approval is demonstrated.

- **Optional: Examples related to the data collection and analysis**, such as graphic representations of the framework or model guiding the research project, survey instruments, interview protocols, sampling design, relevant excerpts from or links to

codebooks, and other relevant information about the data collection and analysis methods. Only include information that is relevant to the project in this item.

The Arts Endowment may contact you for documentation of access, IRB status, and human ethics research training at any time.

Information About Uploaded Items

For each item that you upload, you will find a descriptive field into which you will enter the following information, as appropriate:

Title box:

This title must not contain an apostrophe (if you use one your item will not upload). Title each item with a unique name.
